MEMORANDUM OF POINTS AND AUTHORITIES

I.

INTRODUCTION

In resolution of this case, Petitioner/Plaintiff Hill RHF Housing Partners, L.P. and Petitioner/Plaintiff Olive RHF Housing Partners, L.P. (collectively, “RHF”) and Defendant the City of Los Angeles (“the City”) entered into a settlement agreement in February 2012 (“the Settlement Agreement”), by which the City promised to reimburse RHF for any assessment payments made to the Downtown Center Business Improvement District (“DCBID”). The contractual language of the Settlement Agreement provides that the City’s reimbursements to RHF are to continue so long as RHF remains the owner of the subject properties, Angelus Plaza and Angelus Plaza North, and DCBID continues in its current formulation. RHF, one of the nation’s largest non-profit providers of housing and services for low-income seniors, is still the owner of the subject properties and, notwithstanding DCBID’s recent statutorily required renewal, DCBID, with its same management, services, and boundaries, is continuing in the same formulation and will continue in the same formulation through subsequent renewals. Accordingly, RHF requests that the Court enforce the Settlement Agreement pursuant to Code of Civil Procedure Section 664.6 and grant attorney’s fees and costs of \$7,150.00, as required by the terms of the Settlement Agreement.

III.

BACKGROUND

A. The Underlying Litigation.

RHF's Complaint/Petition in this action, which was filed on July 18, 2012, contained four causes of action based on the City's noncompliance with the law governing business improvement districts, as found in the Constitution of the State of California and the California Streets and Highways Code. The City, the Downtown Center for Business Improvement District ("DCBID"), and the Downtown Center for Business Improvement District Management Corporation ("the Management Corporation") were named as Defendants (collectively, "Defendants") to this action.

1 Specifically, the first cause of action alleged that Defendants failed to provide any
2 analysis of how residential properties and/or properties restricted in use to low-income rental
3 housing would benefit from DCBID's improvements and services, violating Streets and
4 Highways Code Section 36632 (a), which requires that assessments "be levied on the basis of the
5 estimated benefit to the real property within the property and business improvement district."
6 The second cause of action alleged that Defendants failed to separate and quantify "special
7 benefits" from "general benefits," as required by Section 4(a) of Article XIII D of the California
8 Constitution, which provides in relevant part, "Only special benefits are assessable, and an
9 agency shall separate the general benefits from the special benefits conferred on a parcel." The
10 second cause of action was based on the fact that Defendants failed to recognize even the
11 existence of general benefits which are enjoyed by the public at large. The third cause of action
12 also alleged that Defendants violated Section 4(a) of Article XIII D of the California
13 Constitution, on the ground that DCBID's assessments were measured by DCBID's projected
14 budget, rather than the cost of the particular public improvement or service. The fourth cause of
15 action alleged that Defendants failed to recognize RHF's tax exempt, non-profit status in trying
16 impose an assessment on RHF, which provides housing to low-income seniors at below-market
17 rates.

18 **B. The Disputed Term of the Settlement Agreement.**

19 The City and RHF settled their dispute at an early stage of the Litigation. The Settlement
20 Agreement provides a method by which RHF is reimbursed by the City for any assessment
21 amount paid to DCBID. (Ex. 1 to Stouff Decl.). The City has reimbursed all such assessments
22 during the term of DCBID in effect at the time of the Settlement Agreement, from January 1,
23 2013 to December 31, 2017 ("the expired DCBID"). The issue now in dispute is whether the
24 DCBID Settlement Agreement continues in effect through the term of the renewed DCBID,
25 January 1, 2018 to December 31, 2027 ("the renewed DCBID").

26 In relevant part, Paragraph 5 of the "RECITALS" of the DCBID Settlement Agreement
27 provides:

28 In order to resolve the matters raised and described in the

Litigation, the City will undertake to make the Plaintiffs whole for those assessments made by the DCBID against the properties owned by Plaintiffs at the time of the formation of the DCBID, as described in the Petition. **For so long as the Plaintiffs remain the owners of these properties, and the DCBID continues in its current formulation, the City will remit to Plaintiffs an amount sufficient to satisfy the amounts paid by Plaintiffs to the DCBID** as part of assessments set forth in the Engineer's Report and the Management Plan.

When the City provided the initial draft of the Settlement Agreement to RHF, the City represented that it was trying to "keep this simple." (Ex. 4 to Brooks Decl.). Paragraph 5 was never altered in the drafting process and is as originally drafted by the City. (Brooks Decl., ¶ 5). No other part of the Settlement Agreement, including the operative provisions found on Page 2, provides an end date for the foregoing reimbursement arrangement, necessitating reliance on Paragraph 5 of the "RECITALS" for a determination of the end date. Nor does the attorney who negotiated the Settlement Agreement on behalf of RHF in 2012 have any recollection of discussing the non-applicability of the Settlement Agreement to renewal terms. (Brooks Decl., ¶ 6). Thus, based on Paragraph 5, the Settlement Agreement remains in effect and is enforceable against the City, so long as: (1) RHF remains the owner of the subject properties; and (2) DCBID "continues in its current formulation." Because it is undisputed that RHF has been and continues to be the owner of the subject properties (Stouff Decl., ¶ 2), the issue turns on the interpretation of the second prong and whether DCBID "continues in its current formulation," despite a renewed term.¹

C. DCBID Considers its Term Beginning on January 1, 2018 as a Renewal.

On June 10, 2016, the President and CEO of DCBID, Carol Schatz, sent an email to RHF requesting "a meeting with the building ownership of Angelus Plaza to discuss the upcoming renewal of the DCBID." (Ex. 2 to Stouff Decl.). The email noted, in relevant part, that "Angelus Plaza is located within the boundaries of the DCBID and opposed its **renewal** in 2013. Although the **renewal** date is not until January 1, 2018, preparations are currently being made to

¹ In settlement of LASC Case No. BS140224, the City and Mesa RHF Partners, L.P. entered into an identical settlement agreement, which enforcement requires an interpretation of the same language ("the Mesa Case").

1 send out petitions . . . so we are requesting that a meeting be scheduled.” (Emphasis added).

2 In a letter dated January 1, 2017, DCBID requested that RHF sign and submit a Petition
3 to Renew DCBID in light of the fact that DCBID’s “fourth five-year term” was expiring on
4 December 31, 2017. (Ex. 3 to Stouff Decl.). In relevant part, the letter provided, “To ensure that
5 you do not lose the services we provide . . . we have enclosed for your signature a petition packet
6 for **renewal** of the DCBID.” (Emphasis added). In addition to bringing to the reader’s attention
7 that renewal was necessary for *existing* services to continue, the letter included: a “description of
8 the DCBID and the services we provide;” “[a]n overview of the DCBID’s key
9 accomplishments;” and “[a] **2018 Renewal Summary**” – each of which highlights that
10 DCBID’s *renewal* was necessary for a *continuance* of DCBID. As a specific example, the “Who
11 We Are” section of the enclosure containing the description of DCBID states as follows:
12 “Founded in 1988, the Downtown Center Business Improvement District (DCBID) is a coalition
13 of nearly 1,700 property owners in the Downtown Center District of Downtown Los Angeles
14 (DTLA). Bounded by the Harbor Freeway to the west, First Street to the north, Main and Hill
15 Streets to the east, and Olympic Boulevard and 9th Street to the south, the DCBID is committed
16 to enhancing the quality of life in the 65 square-blocks of our District.” This language confirms
17 that DCBID was founded in 1988 and has continued to exist since then, notwithstanding the
18 several renewals it has experienced.

19 Meanwhile, on May 8, 2017, counsel for RHF emailed counsel for the City, advising the
20 City’s counsel of RHF’s position that the Settlement Agreement remains in effect, and inquiring
21 as to the City’s position on the continued effectiveness of the Settlement Agreement. (Ex. 7 to
22 Raucher Decl.). Counsel for RHF also inquired as to whether the City would be willing to enter
23 into a new and similar agreement if the City’s took the position that the Settlement Agreement
24 terminated with the expiring DCBID. In response, on June 27, 2017, the City took the position
25 that “[t]he new BID uses a different methodology, and so we don’t believe it’s using the same
26 formulation as before. If [Petitioners wish] to contest the assessments [they] will have to file
27 suit.” (Ex. 7 to Raucher Decl.). RHF did file suit, on July 3, 2017, LASC Case No. BS170127.
28 However, because the Settlement Agreement is enforceable pursuant to Code of Civil Procedure

Section 664.6, RHF now moves to enforce it in the original Litigation. If RHF's motion is successful, the new lawsuit would be mooted.

III.

ARGUMENT

“If parties to a pending litigation stipulate, in a writing signed by the parties outside the presence of the court or orally before the court, for settlement of the case, or part thereof, the court, upon motion, may enter judgment pursuant to the terms of the settlement.” Cal. Code of Civ. Proc. § 664.6. “A trial court, when ruling on a section 664.6 motion, acts as a trier of fact.” *Skulnick v. Roberts Express, Inc.*, 2 Cal.App.4th 884, 889 (1992); *see also, Fiore v. Alvord*, 182 Cal.App.3d 561, 565 (1985) (stating that whether the parties dispute material issues of fact is irrelevant). More specifically, “[s]ection 664.6’s express authorization for trial courts to determine whether a settlement has occurred is an implicit authorization for the trial court to interpret the terms and conditions to settlement.” *Skulnick*, 2 Cal.App.4th at 889 (internal quotations and citations omitted). A court, however, cannot create or add terms to a settlement agreement. *Leeman v. Adams Extract & Spices, LLC*, 236 Cal.App.4th 1367, 1374 (2015).

The Settlement Agreement specifically contemplates RHF's ability to enforce the City's obligation to reimburse assessment payments and provides, "The Court shall retain jurisdiction pursuant to California Code of Civil Procedure Section 664.6 to enforce the terms of the Settlement Agreement. This Agreement shall be construed in accordance with the laws of the State of California." The Settlement Agreement also specifically contemplates the recovery of attorney's fees to the "prevailing party in any proceedings arising under this Agreement." Moreover, when the Litigation was dismissed, the Court specifically retained jurisdiction pursuant to Section 664.6. (Ex. 6 to Raucher Decl.).

For the reasons discussed below, the contractual language, “[f]or so long as the Plaintiffs remain the owners of these properties, and the DCBID continues in its current formulation,” must be read to entitle Petitioners to receive continued reimbursements from the City for so long as DCBID continues to exist, including its renewals.

A. The Settlement Agreement Continues to Apply Under Its “Clear and Explicit” Language.

Under the statutory rules of contract interpretation as found in California Civil Code Section 1635 *et seq.*, an agreement must be interpreted to give effect to the mutual intention of the parties that existed at the time of contracting. Civ. Code § 1636. Such intent is to be inferred, if possible, from the written provisions of the agreement. *AIU Ins. Co. v. Superior Court*, 51 Cal.3d 807, 822 (1990). The “clear and explicit” meaning of these provisions, interpreted in their ordinary and popular sense governs interpretation, unless used by the parties in a technical sense or given a special meaning by usage. *Id.*; see also, Civ. Code § 1644; see also Code Civ. Proc. § 1861. “Thus, if the meaning a layperson would ascribe to a contract language is not ambiguous, the Court would apply that meaning.” *Id.*

The ordinary and popular meaning of the subject language in dispute, “**For so long as the Plaintiffs remain the owners of these properties, and the DCBID continues in its current formulation, the City will remit to Plaintiffs an amount sufficient to satisfy the amounts paid by Plaintiffs to the DCBID,**” must plainly be read as requiring that so long as RHF remains the owner of the subject properties, and so long as DCBID continues in existence, RHF will receive reimbursements from the City. Because DCBID is continuing to exist, as it has since it was founded in 1988 according to DCBID’s letter dated January 1, 2017 (Ex. 3 to Stouff Decl.), through four consecutive renewals, the Settlement Agreement continues in effect. Conversely, a plain reading of the language cannot be read to terminate the reimbursement arrangement when DCBID’s current term ends on the specific date of December 31, 2017.

B. Circumstances Surrounding the Execution of the Settlement Agreement Support Finding in Favor of RHF's Interpretation of the Contractual Language.

Where there is doubt as to the parties' dealings as expressed in the wording of their contract, the Court may look to the circumstances surrounding the execution – including the object, nature, and subject matter of the agreement – as well as to subsequent acts or declarations of the parties shedding light upon the question of their mutual intention at the time of contracting. *Barham v. Barham*, 33 Cal.2d 416, 423 (1949) (“To this latter point, it is said that ‘a

construction given the contract by the acts and conduct of the parties with knowledge of its terms, before any controversy has arisen as to its meaning, is entitled to great weight and will, when reasonable, be adopted and enforced by the court””).

1. The City Drafted Paragraph 5 to be Kept “Simple.”

When counsel for the City provided RHF with the initial draft of the Settlement Agreement, including Paragraph 5, the City represented that it was trying to keep the Settlement Agreement simple. As such, the parties intended the language in Paragraph 5 (and the Settlement Agreement generally) to be understood in its ordinary and popular sense, described more fully in Section III A above. To give the contractual language in dispute any other meaning would run counter to the City's representation – and RHF's understanding – that the Settlement Agreement was intended to be kept simple.

2. The Parties Knew that the Nature of DCBID Required Statutorily Mandated Renewals at the Time of Contracting.

When the parties entered into the Settlement Agreement in February 2013, the parties knew the exact date on which the expired term would end – December 31, 2017 – which would then require a renewal as provided in Chapter 5 (entitled “Renewal”) of Title 7 of the Streets and Highways Code. Despite the parties’ knowing this exact date, the Settlement Agreement does not provide an end date of December 31, 2017. Nor does it provide an end date as of “the end of this term.” Rather, the language requires that RHF remain the owners of the subject properties and that DCBID continue in its current formulation. In further support of this, the attorney representing RHF at the time of contracting has no recollection of discussing the non-applicability of the Settlement Agreement to renewal terms.

Moreover, the statutorily required renewals of DCBID should not be found to “discontinue” and create an all new DCBID. *See* Sts. & High. Code § 36660 (“Upon renewal, a district shall have a term not to exceed 10 years”). Rather, the renewals are a procedural safeguard to ensure that properties are properly assessed and the assessments are strictly compliant with the law governing same. *See Silicon Valley Taxpayers’ Assn., Inc. v. Santa Clara County Open Space Authority*, 44 Cal.4th 431, 443-445 (2008) (“Proposition 218, which

1 added . . . XIII D to the California Constitution . . . was designed to ‘constrain local
2 governments’ . . . [and] intended to make it more difficult for an assessment to be validated in a
3 court proceeding.”).

4 **3. The Evidence Supports a Finding that DCBID is Continuing in its**
5 **Formulation.**

6 A renewal is a continuance, and DCBID’s treatment of its renewal as a continuance, as
7 exemplified by its letter dated January 1, 2017, requesting properties owners to submit petitions
8 to renew DCBID, so that *existing* services will *continue* to be provided, strongly supports a
9 finding that the Settlement Agreement continues in effect notwithstanding a renewal. (Ex. 3 to
10 Stouff Decl.). Further still, the CEO and President of DCBID, Carol Schatz, in her email dated
11 June 10, 2016, acknowledged that DCBID’s new term in 2018 was a renewal. (Ex. 2 to Stouff
12 Decl.). Thus, the evidence treating the term beginning in 2018 as a renewal and a continuance of
13 the expired term leads to the inescapable conclusion that DCBID is continuing in its “current
14 formulation.”

15 Moreover A comparison between the expired DCBID’s Engineer’s Report and the
16 renewed DCBID’s Engineer’s Report compels a finding that DCBID is continuing in its current
17 formulation. (Ex. 8 and Ex. 9 to Raucher Decl.). First, the boundaries of the renewed DCBID
18 are identical to and unchanged from the expiring DCBID. (Raucher Decl. ¶ 9). Second, a
19 substantial portion of the language used in the Engineer’s Report, prepared for DCBID’s
20 renewed term and describing the services which will be provided, is identical to and unchanged
21 from the Engineer’s Report from January 2012, which was prepared for DCBID’s expired term.
22 (Raucher Decl. ¶ 10). Third, the Management Corporation administered DCBID during its
23 expired term and it would appear that the Management Corporation will continue to administer
24 DCBID during its renewed term, overseeing expenditures, and managing and implementing
25 DCBID’s improvements and activities. Lastly, the expired DCBID’s method of calculating
26 assessments was entirely based on “assessable square footage,” and the renewed DCBID’s
27 method of calculating assessments also is based on “assessable square footage.” (Raucher Decl.
28 ¶¶ 6-7). Because the renewed DCBID substantively mirrors the expired DCBID, the statutorily

1 required renewal should not impact the Court’s understanding that DCBID is continuing in its
2 formulation.

3 **4. Even the City’s Asserted Understanding of the Contractual Language Does**
4 **Not Disrupt the Effectiveness of the Settlement Agreement.**

5 The City’s counsel, who negotiated and executed the subject Settlement Agreement on
6 behalf of the City in 2013, asserted in an email dated June 27, 2017, that “[t]he new BID uses a
7 different methodology, and so we don’t believe it’s using the same formulation as before.”
8 Stated differently, the City equates the term “formulation” with “methodology.” The two terms
9 are not interchangeable, however. But even assuming *arguendo* that the City’s interpretation of
10 the disputed word, “formulation,” was the mutually intended interpretation, the Court should
11 regardless find that DCBID is continuing in its current formulation because the “methodology”
12 for both the current DCBID and the renewed DCBID is based on assessable square footage. A
13 comparison of Pages 13-15 of the 2012 Engineer’s Report and Pages 15-17 of the 2017
14 Engineer’s Report, each providing a discussion of “Methodology,” highlights this point. Thus,
15 the methodology is the same, despite the City’s counsel’s claim to the contrary, and based on the
16 City’s own understanding of the term “formulation,” DCBID is continuing in its same
17 formulation.

18 **C. RHF’s Understanding of the Disputed Term Should Prevail.**

19 “If ambiguity remains, notwithstanding an ordinary and popular meaning analysis, the
20 ambiguity is resolved by interpreting the contractual language in the sense the promisor (i.e., the
21 City) believed the promisee (i.e., RHF) understood the language at the time of formulation.”
22 *AIU*, 51 Cal.3d at 822. **This rule protects not the subjective beliefs of the promisor but,**
23 **rather, the objectively reasonable expectations of the promisee.** See *Bank of the West v.*
24 *Superior Court*, 2 Cal.4th 1254, 1265 (1992).

25 RHF’s claims against the City, which the Settlement Agreement resolved, included a
26 claim that RHF was a tax-exempt, non-profit provider of housing to low-income seniors and the
27 subject properties were restricted to that use, the fourth cause of action. Given this, it was
28 reasonable for RHF to expect that the Settlement Agreement would resolve the issue of its

1 properties being assessed by DCBID through any renewals, absent language to the contrary. The
2 City, being the party subject to the law governing business improvement districts, would have
3 known that DCBID could be renewed for a new term beginning on January 1, 2018, yet did not
4 broach the topic with RHF. (Brooks Decl., ¶ 8). Accordingly, RHF's objectively reasonable
5 expectation was that the Settlement Agreement would continue to apply through any renewals.

6 **D. The Agreement Should Be Interpreted Against the City, Which Caused Any**
7 **Ambiguity.**

8 In cases where uncertainty is not removed by the aforementioned rules of interpretation,
9 then the language should be interpreted most strongly against the party who caused the
10 uncertainty to exist. Civ. Code § 1654; *see also AIU*, 51 Cal.3d at 822 (If ambiguity still
11 remains, then the “ambiguous language is construed against the party who caused the uncertainty
12 to exist”).

13 Here, the City is the drafter of Paragraph 5. Moreover, the City is the entity subject to the
14 procedural safeguard of business improvement districts having to be renewed every five or ten
15 years. The procedural safeguard of renewals, intended to protect the property owner from the
16 assessing agency, should not be used against the property owner simply because DCBID, by its
17 very nature, must be repeatedly renewed. For these reasons, the burden of any ambiguity
18 contained in the Settlement Agreement should not be placed on RHF, but rather, the City.

19 **E. The Court Should Award Attorney's Fees and Costs.**

20 RHF requests that the Court award attorney's fees and costs, as contemplated by Section
21 1h of the Settlement Agreement, which provides that “the prevailing party in any proceeding
22 arising under this Agreement shall be entitled to recover its attorney's fees and costs.” (Ex. 1 to
23 Stouff Decl.). RHF was forced to incur at least \$7,150.00 in filing the instant Motion.
24 Therefore, the Court should award RHF the sum of \$7,150.00 in attorney's fees and costs.

25 ///

26 ///

27 ///

28 ///

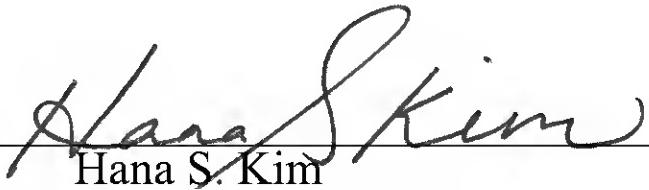

1
IV.

2
CONCLUSION

3 For the foregoing reasons, RHF requests that the Court enforce the DCBID Settlement
4 Agreement against the City, pursuant to Code of Civil Procedure Section 664.6, and award
5 \$7,150.00 in attorney's fees and costs.

DECLARATION OF DEBORAH J. STOUFF

I, DEBORAH J. STOUFF, declare as follows:

1. I have direct personal knowledge of the facts contained herein and if called as a witness I could and would testify competently thereto.

2. I am the Corporate Secretary for Plaintiffs/Petitioners Hill RHF Housing Partners, L.P. (“Hill LP”) and Olive RHF Housing Partners, L.P. (“Olive LP”), which respectively and currently own and operate Angelus Plaza, located at 255 S. Hill Street, Los Angeles California, and Angelus Plaza North, located at 200 S. Olive Street, Los Angeles California.

9 3. On July 18, 2012, Plaintiffs/Petitioners filed a lawsuit against the City of Los
10 Angeles (“the City”), Downtown Center Business Improvement District (“DCBID”), and
11 Downtown Center Business Improvement District Management Corporation (“MC”), Los
12 Angeles Superior Court Case No. BS138416, challenging the renewal of DCBID for a new term
13 beginning on January 1, 2013, and its assessments.

14 4. In settlement of LASC Case No. BS138416, on February 27, 2013,
15 Plaintiffs/Petitioners signed a settlement agreement ("the Settlement Agreement"), a true and
16 correct copy of which is attached hereto as Exhibit 1.

17 5. The Settlement Agreement, which was signed by counsel for the City, Daniel M.
18 Whitley, on February 22, 2013, provides an arrangement by which the City reimburses
19 Plaintiffs/Petitioners for any payments made toward DCBID's assessments.

20 6. In a June 10, 2016 email to Jeffrey Winston, the Angelus Plaza Community
21 Relations Coordinator, from Carol Schatz, President and CEO of DCBID, DCBID requested to
22 arrange a meeting with RHF to discuss DCBID's 2018 renewal. A true and correct copy of
23 Carol Schatz's email is hereto attached as **Exhibit 2**.

24 7. In early 2017, Plaintiffs/Petitioners received from DCBID a letter requesting
25 Plaintiffs/Petitioners to submit petitions for DCBID's renewal. In relevant part, the letter
26 provided:

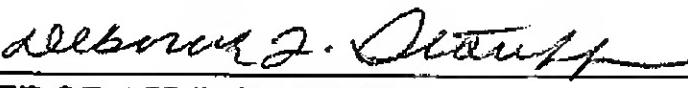

27 As I hope you are aware, [DCBID's] fourth five-year term ends on December 31,
28 2017. To ensure that you do not lose the services we provide, including 24/7

1 safety patrol, street and sidewalk cleaning, trash removal, and business
2 recruitment, we have enclosed for your signature a petition packet for renewal of
3 the DCBID.

4 A true and correct copy of DCBID's letter dated January 1, 2017, is hereto attached as **Exhibit 3**.

5 I declare under penalty of perjury under the laws of the State of California that the
6 foregoing is true and correct.

7 Executed this 28th day of December, 2017 at Long Beach, California.

DECLARATION OF KENNY C. BROOKS

I, KENNY C. BROOKS, declare as follows:

1. I am an attorney at law and was previously employed at the law firm Reuben Raucher & Blum from 2011 to 2015. I have direct personal knowledge of the facts set forth herein, and if called as a witness, I could and would competently testify to those facts under oath.

2. I was the associate attorney assigned to represent Plaintiffs/Petitioners Hill RHF Housing Partners, L.P. and Olive RHF Housing Partners, L.P. (collectively, “RHF”) in their lawsuit against Defendants/Respondents the City of Los Angeles (“the City”), the Downtown Center for Business Improvement District, and the Downtown Center for Business Improvement District Management Corporation (collectively, “Defendants”), Los Angeles Superior Court Case No. BS138416 (“the Litigation”).

3. In addition to preparing the Complaint/Petition which commenced the Litigation, I worked on the settlement agreement entered into by and between RHF and the City (“the Settlement Agreement”), which enforcement is the subject of the instant 664.6 Motion.

4. As an attachment to an email dated December 5, 2012, counsel for the City, Daniel Whitley, Esq., provided the initial draft of what would later be executed as the Settlement Agreement. In his email, Mr. Whitley provided, "Here's a draft for your review. We're trying to keep this simple, but we might have oversimplified." True and correct copies of the December 5, 2012 email and attachment (entitled, "664.6 Agreement") from Mr. Whitley are hereto attached as **Exhibit 4**.

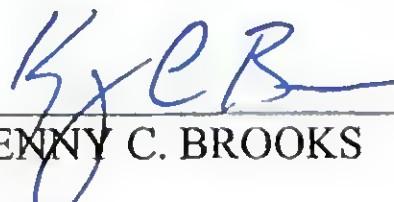

5. I reviewed and revised the initial draft of the Settlement Agreement and provided my revisions to Mr. Whitley as an attachment to an email dated December 12, 2012. I did not make revisions to the City's initial draft of Paragraph 5, and Mr. Whitley did not make subsequent revisions to same. Thus, Paragraph 5 of the executed Settlement Agreement is as it was originally drafted and provided by the City. True and correct copies of my December 12, 2012 email and attachment are hereto attached as **Exhibit 5**.

6. To the best of my recollection, the City's counsel and I never discussed the end

1 date of the reimbursements required by the Settlement Agreement in the event of renewals or the
2 meaning of the language, "DCBID continues in its current formulation."

3 I declare under penalty of perjury under the laws of the State of California that the
4 foregoing is true and correct.

5 Executed this 27th day of December, 2017 at Los Angeles, California.

DECLARATION OF STEPHEN L. RAUCHER

I, STEPHEN L. RAUCHER, declare as follows:

1. I am an attorney at law, duly licensed to practice in the State of California. I am a partner at the firm of Reuben Raucher & Blum, attorneys of record for Petitioner/Plaintiff Hill RHF Housing Partners, L.P. and Petitioner/Plaintiff Olive RHF Housing Partners, L.P. (collectively, “RHF”). I have direct personal knowledge of the facts set forth herein, and if called as a witness, I could and would competently testify to those facts under oath.

2. After RHF and Defendant the City of Los Angeles (“the City”) entered into the Settlement Agreement in February 2013, my office filed a Request for Dismissal on February 28, 2013, a true and correct copy of which as entered by the Clerk is hereto attached as **Exhibit 6**.

3. On May 8, 2017, I emailed Daniel Whitley, Esq., counsel for Defendant the City, advising of RHF's position that despite of DCBID's 2018 renewal, the Settlement Agreement remains in effect. I also inquired as to the City's position on the continued effectiveness of the Settlement Agreement and further asked if the City would be willing to enter into a new and similar agreement should it contend that the Settlement Agreement would expire at the end of 2017. A true and correct copy of the chain of emails exchanged between me and Mr. Whitley, beginning with my May 8, 2017 email, is attached hereto as **Exhibit 7**.

4. In an email dated May 22, 2017, attached hereto as part of the chain attached as Exhibit 6, Mr. Whitley stated, "We are still looking this over. It appears that the management plan has substantial changes and so the settlement agreement would not apply, but we are still looking into the matter. I should know in a week or so."

5. In an email dated June 26, 2017, attached hereto as part of the chain attached as Exhibit 6, I again requested that the City either confirm the continued effectiveness of the Settlement Agreement or enter into a new agreement.

6. In an email dated June 27, 2017, attached hereto as part of the chain attached as Exhibit 6, the City responded as follows: "The new BID uses a different methodology, and so we don't believe it's using the same formulation as before. If your client wishes to contest the assessments it will have to file suit." RHF did file a new lawsuit on July 3, 2017, Los Angeles

1 Superior Court Case No. BS170127.

2 7. According to Exhibit E (Pages 13-15) of the January 2012 Engineer's Report, the
3 methodology employed by the expired DCBID (January 1, 2013 – December 31, 2017) was
4 based on assessable square footage. A true and correct copy of the January 2012 Engineer's
5 Report, as obtained from Office of the City Clerk, City of Los Angeles, Council File12-0422, is
6 attached hereto as **Exhibit 8**.

7 8. According to Section D (Pages 15-17) of the March 2017 Engineer's Report, the
8 methodology employed by the renewed DCBID (January 1, 2018 – December 31, 2027) is
9 assessable square footage. A true and correct copy of the March 2017 Engineer's Report, as
10 obtained from Office of the City Clerk, City of Los Angeles, Council File Number 15-0241, is
11 attached hereto as **Exhibit 9**.

12 9. Exhibit B (Pages 5-8) to the 2012 Engineer's Report and Section C (Pages 10-14)
13 of the 2017 Engineer's Report show that the boundaries of the expired DCBID and the renewed
14 DCBID are identical. In fact, the language describing the boundaries in the 2017 Engineer's
15 Report appears to have been taken from the 2012 Engineer's Report.

16 10. Exhibit A (Pages 2-4) to the 2012 Engineer's Report and Section B (Pages 5-9) of
17 the 2017 Engineer's Report show that the services provided by the renewed DCBID are the same
18 as those that were provided by the expired DCBID. These continuing services include the Safe
19 Team Program, the Clean Program (which services include Sidewalk Cleaning, Trash Collection,
20 Graffiti Removal, and Landscape), Economic Development and Marketing, and Management.
21 The language used to describe the foregoing services in the 2017 Engineer's Report is
22 substantively similar to or taken from the 2012 Engineer's Report.

23 11. I am the lead attorney responsible for this matter. I obtained my undergraduate
24 degree from the University of California at Los Angeles in 1989 and my J.D. from the University
25 of California, Berkeley in 1992. Since becoming an attorney, I have continuously practiced law,
26 written numerous articles, acted as an arbitrator, and participated in numerous professional
27 activities and organizations. My billing rate for this matter is currently \$625 per hour. This rate
28 is commensurate with other litigation attorneys of similar education, skill, and experience in the

1 Los Angeles area. I have spent at least 2 hours on overseeing the preparation of this 664.6
2 Motion and corresponding papers. In addition, I anticipate spending at least another 3 hours
3 working on the Reply and preparing for and attending the hearing on this application.

4 12. Hana S. Kim, Esq., the associate assigned to this case, received her
5 undergraduate degree from New York University, received her J.D. from UC Hastings College
6 of the Law, and was admitted to the California Bar in December 2016.

7 13. Ms. Kim spent no less than 10 hours preparing this 664.6 Motion and
8 corresponding papers at a rate of \$305.00 per hour. Ms. Kim is expected to spend at least
9 another 3 hours preparing the Reply in connection with this Motion.

10 14. For Ms. Kim's and my legal services, RHF will incur a cumulative total of
11 \$7,090.00 in attorney's fees. In addition, RHF will incur a \$60 filing fee for a total cost of
12 \$7,150.00 to RHF.

13 I declare under penalty of perjury under the laws of the State of California that the
14 foregoing is true and correct.

15 Executed this 4 day of January, 2018 at Los Angeles, California.

SETTLEMENT AGREEMENT AND RELEASE

THIS SETTLEMENT AGREEMENT AND RELEASE ("Agreement") is entered into by Hill RHF Housing Partners, L.P. ("Hill LP") and Olive RHF Housing Partners, L.P. ("Olive LP") (jointly, the "Plaintiffs") and the City of Los Angeles ("City"), referred to jointly as "the Parties." This Agreement is based upon the following recitals of facts.

RECITALS

1. Disputes have arisen between the Parties regarding the Downtown Center Business Improvement District (the "DCBID") located in the City of Los Angeles as set forth in an action entitled Hill RHF Housing Partners, L.P.; Olive RHF Housing Partners, L.P. v. City of Los Angeles City of Los Angeles, et al (the "Litigation"). The interests of Hill LP and Olive LP are aligned in the Litigation.

2. This litigation concerns the formation of the DCBID, adopted by ordinance of the City Council on June 19, 2012. The DCBID is a special assessment district that must comply with the requirements of Section 4 of Article XIIIID of the California Constitution. The details for the operation of the DCBID and the assessments to be made to support the operation of the DCBID are set forth in an Engineer's Report and a District Management Plan, which are attached to the Petition for Peremptory Writ of Mandate ("Petition") on which this matter is based. The Plaintiffs timely filed an action challenging the validity of the assessments that would be made by the DCBID against property owned by Plaintiffs.

3. Hill LP is, and was at the time of the filing of the Petition, the owner of 255 South Hill Street (known as "Angelus Plaza"), APN 5149-010-264. Olive LP is, and was at the time of the filing of the Petition, the owner of 200 South Olive Street (known as "Angelus Plaza North"), APN 5149-010-023. Plaintiffs own no other properties that are assessed any amounts with respect to the DCBID.

4. The Parties are now desirous of settlement all of their claims against each other arising out of and as described in the Litigation.

5. In order to resolve the matters raised and described in the Litigation, the City will undertake to make the Plaintiffs whole for those assessments made by the DCBID against the properties owned by Plaintiffs at the time of the formation of the DCBID, as described in the Petition. For so long as the Plaintiffs remain the owners of these properties, and the DCBID continues in its current formulation, the City will remit to Plaintiffs an amount sufficient to satisfy the amounts paid by Plaintiffs to the DCBID as part of assessments set forth in the Engineer's Report and the Management Plan.

6. Plaintiffs will remain part of the DCBID and will abide by the terms of the DCBID until the DCBID expires in 2018. This Agreement does not address any business improvement districts except the DCBID adopted by ordinance of the City Council on June 19, 2012.

NOW, THEREFORE, in consideration of the terms, conditions and covenants set forth, it is understood and agreed as follows:

1. Terms of Release

a. Compensation:

- i. Plaintiffs shall, within 30 (thirty) days of payment of any assessment paid to the DCBID, whether directly or through the Los Angeles County Assessor's Office, submit proof of payment to Miranda Paster, Office of the Clerk, City of Los Angeles, or a designated successor. If Plaintiffs cannot submit proof of payment within 30 days of payment, Plaintiffs shall notify the City of the reason for delay and provide proof of payment as quickly as reasonably possible.
- ii. Upon receiving proof of payment of any assessment paid to the DCBID, the City shall, within 30 (thirty) days, provide funds equal to the amount paid by Plaintiffs by cash, check, cashiers check, money order, wire transfer, or other mutually agreeable method. The payment shall be made to the person designated by Plaintiffs.
- iii. If the City fails to pay the Plaintiffs as set forth in Paragraph 1.a.ii., above:
 1. Plaintiffs shall provide 10 days notice by mail to the City via its attorney, Daniel M. Whitley, at his address of record, or a designated successor.
 2. If the City does not satisfy the amount due within 20 days of the date on which Plaintiffs provided notice of failure to pay, Plaintiffs shall be able to move ex parte to convert the entire Agreement into a judgment, including a monetary judgment for the full amount due for that assessment, plus interest due at the legal rate calculated from the date the payment to Plaintiffs was due, and reducing to judgment the City's repayment obligations with respect to future assessments paid by Plaintiffs within 30 days of notice of payment provided by Plaintiffs to the City as contemplated in the Agreement.

b. Representation and Warranties

The parties warrant that they have not assigned or transferred, or purported to assign or transfer to any person, firm or corporation, either voluntarily or involuntarily, any claim, cause of action, or right based on, or arising out of, or in connection with any matter, fact or anything described or referred to in any of the pleadings, records or papers in the Litigation.

The parties further represent and warrant that no other legal actions arising out of, based upon, or in any way connected with the claims or purported causes of action released herein, other than the legal action specifically set forth herein, have been filed.

c. Release of All Claims by the Parties

- i. As consideration for this Agreement, the Parties hereby release and discharge each other, their agents, servants, employees, owners, shareholders, officers, directors, partners, associates, attorneys, representatives, successors, predecessors, subsidiaries, assigns, parent companies, affiliates, heirs, spouses, firms, associations, partnerships and corporations, and their insurance companies, and each and all of them, of and from any obligations, liability, guarantees, actions, causes of action, damages, judgments, exactions, debts, costs, expenses, attorneys' fees, taxes, liens, notes, securities, stocks, bonds, investments, claims and demands, whatsoever under the laws of the State of California, and of any other state of the United States and/or the United States of America and the laws of any other nation, country, territory or jurisdiction for, from, upon, under, on account of, growing or arising out of, or related to the subject matter of the Litigation between the Parties and do hereby acknowledge full and complete compromise and settlement, and complete satisfaction thereof.
- ii. This settlement is intended to and does hereby fully and completely release the Parties from any and all claims, suits and demands of any nature whatsoever including but not limited to claims, suits, and demands which were alleged or could have been alleged in the Litigation.
- iii. This Agreement shall not inure to the benefit of any third-party to this Agreement. A third-party shall include anyone and everyone but the Parties.

d. Section 1542 Waiver

It is further understood and agreed that the Parties specifically waive all rights under Section 1542 of the California Civil Code which provides as follows:

"[Certain claims not affected by general release.] A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the Release, which if known by him, must have materially affected his settlement with the debtor."

e. Dismissal with Prejudice

The Plaintiffs agree to execute a request for dismissal with prejudice of the Litigation upon execution of this Agreement. Each party shall bear its own fees and costs in connection with the Litigation.

f. Settlement not to be Construed as an Admission

The settlement entered into by the Parties pursuant to this Agreement is made solely for the purpose of compromising and settling the matters in dispute. It does not constitute, and shall not be construed to constitute, an admission of the truth or validity of any claims asserted by any party.

g. Jurisdiction

The Court shall retain jurisdiction pursuant to Code of Civil Procedure section 664.6 to enforce the terms of the Settlement Agreement. This Agreement shall be construed in accordance with the laws of the State of California.

h. Attorney's Fees

The prevailing party in any proceedings arising under this Agreement shall be entitled to recover its attorney's fees and costs.

i. Counterparts and Signatures

This Agreement may be signed in counterparts and facsimile or PDF copies are to be construed as originals.

IN WITNESS WHEREOF, the undersigned have caused this Agreement to be executed as of the date first above written and their attorneys have indicated their approval by their respective signature in the appropriate places below.

Subject: FW: DCBID Renewal
Importance: High

Good Afternoon Bob:

I thought that Carol Schatz's request below Jeffrey's email, should be forwarded to you. About a month ago Carol had talked to Jeffrey about seeking assistance to set up a meeting with Corporate, in regards to the Downtown Central Business improvement District Renewal. She said she would follow-up in writing. Today, she followed up with her formal request.

Since you are the one we had most contact with in regards to the legal situation years ago, I thought you were the person who might be able to respond to Carol Schatz or know who should. She is now President of the DCBID and has resigned her post President of the Central City Association. However, she still remains influential in both organizations.

Subject: DCBID Renewal

Jeff,

Per our recent phone conversation, I would like to ask for your assistance in arranging a meeting with the building ownership of Angelus Plaza to discuss the upcoming renewal of the DCBID.

Angelus Plaza is located within the boundaries of the DCBID and opposed its renewal in 2013. Although the renewal date is not until January 1, 2018, preparations are currently being made to send out petitions later this year, so we are requesting that a meeting be scheduled at ownership's earliest convenience.

Should you have any questions, please do not hesitate to contact me.

Thank you.

Best regards,

Carol

RE: Petition for DCBID Renewal

Dear Downtown Property Owner:

As I hope you are aware, the Downtown Center Business Improvement District's (DCBID) fourth five-year term ends on December 31, 2017. To ensure that you do not lose the services we provide, including 24/7 safety patrol, street and sidewalk cleaning, trash removal, and business recruitment, we have enclosed for your signature a petition packet for renewal of the DCBID.

Enclosed please find:

- Description of the DCBID and the services we provide
- An overview of the DCBID's key accomplishments
- A 2018 Renewal Summary
- **Petition to Renew the Los Angeles Downtown Center Business Improvement District (purple form)**
- Management District Plan
- Engineer's Report

So that we can continue to provide you with the safety, maintenance, business recruitment/retention, marketing, and community outreach programs that are supplemental to services provided by the city, please sign the enclosed purple petition form and return in the self-addressed, stamped envelope. Instructions for filling out the petition are enclosed. We urge you to return your petition as soon as possible so that we can meet our January 31st deadline.

As a reminder, signing the petition is just the first step of the renewal process. Shortly thereafter, you will also receive a BALLOT and we ask that you vote YES on the BALLOT.

Since its inception 19 years ago, the DCBID has played a vital leadership role in the resurgence of Downtown LA. To assure that Downtown LA continues to grow and prosper, we are asking for your continued support.

If you are not the designated person at your business to sign the petition, please forward this information to the correct person.

Should you have any questions, please do not hesitate to contact Suzanne Holley at (213) 624-2146 x222.

Sincerely,

Carol Schatz
President & CEO

Community Events

WHAT IS A BID?

A Business Improvement District (BID) is a geographically defined area in which property owners agree to pay a special assessment to provide services, activities, and programs to enhance the quality of life in the area. These services are special benefits to the property owners in the district and assessments are charged to all property owners within the district.

WHO WE ARE

Founded in 1998, the Downtown Center Business Improvement District (DCBID) is a coalition of nearly 1,700 property owners in the Downtown Center District of Downtown Los Angeles (DTLA). Bounded by the Harbor Freeway to the west, First Street to the north, Main and Hill Streets to the east, and Olympic Boulevard and 9th Street to the south, the DCBID is committed to enhancing the quality of life in the 65 square-blocks of our District.

DCBID SERVICES

SAFE & CLEAN

Improving the safety, cleanliness, and quality of life in the District, we:

- Provide a 24/7 safety patrol & call center
- Sweep & power wash over 470 miles of sidewalk
- Remove 53,000 bags of trash each year from over 250 receptacles
- Trim over 1,000 trees
- Remove graffiti
- Provide dedicated outreach & connection to services for individuals experiencing homelessness

ECONOMIC DEVELOPMENT

Focusing on attracting and supporting investment and development in the District, we:

- Serve as the #1 source of DTLA market information
- Host monthly office space tours
- Host monthly housing tours
- Produce industry sector reports to attract new businesses
- Provide one-on-one business & real estate consulting
- Conduct surveys of Downtown residents & workers to boost business recruitment

MARKETING

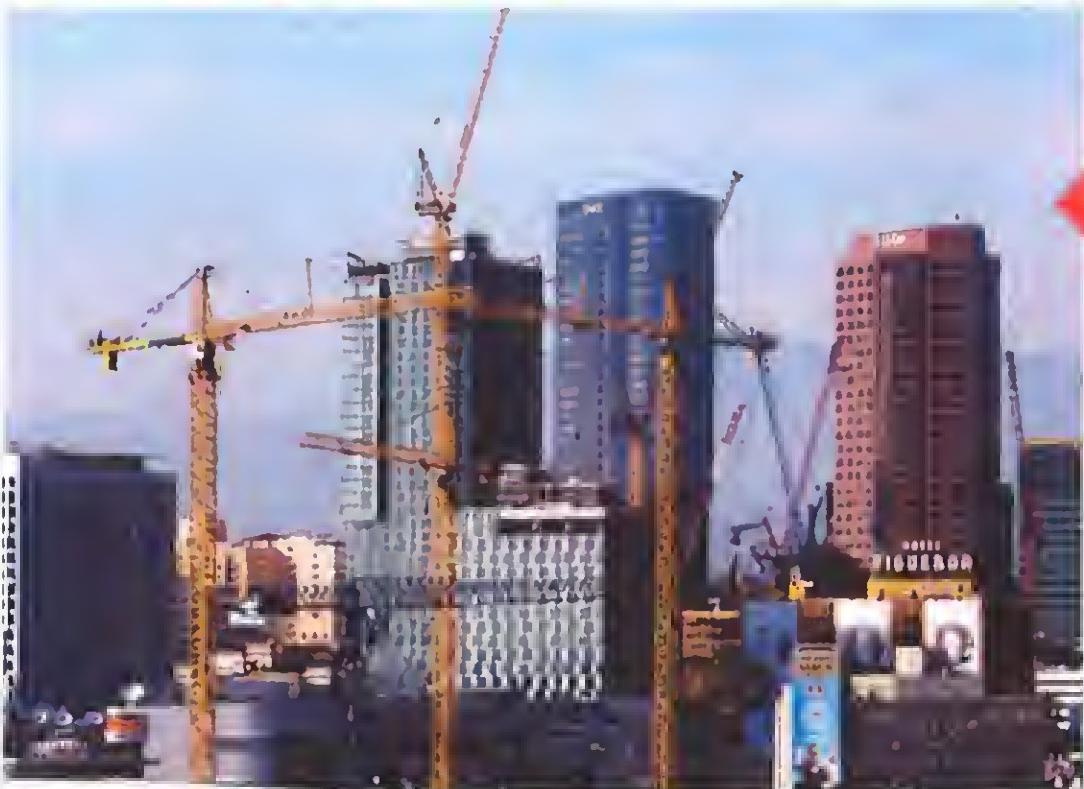

Promoting Downtown as a premier destination to live, work, and play, we:

- Promote DTLA businesses & events on DowntownLA.com & social media
- Host annual community events including Dog Day & Halloween for DTLA kids
- Support DTLA businesses with monthly Marketing Roundtable meetings
- Host mixers for District residents
- Develop seasonal marketing campaigns to promote the District and attract visitors
- Provide District Ambassadors to assist visitors & tourists

ACCOMPLISHMENTS

The Downtown Center BID has played a critical role in the revitalization of Downtown Los Angeles. Since 1998, we have:

Stimulated over **\$24B**
in investment

Raised property values
by over **200%**

Created the **BID A.C.T.I.O.N.**
outreach program and connected
nearly **3,000** individuals in the
Downtown homeless community
to services including assistance into
housing and rehabilitation programs,
clothing, and more

Recruited over **800**
new businesses

Responded to **HUNDREDS**
OF THOUSANDS
of calls for safety service

ACCOMPLISHMENTS

Changed the perception of Downtown to a thriving and vibrant **24/7 city center**

Attracted **HUNDREDS OF THOUSANDS** of visitors to the area

Removed **53,000** bags of trash each year from over **250** receptacles

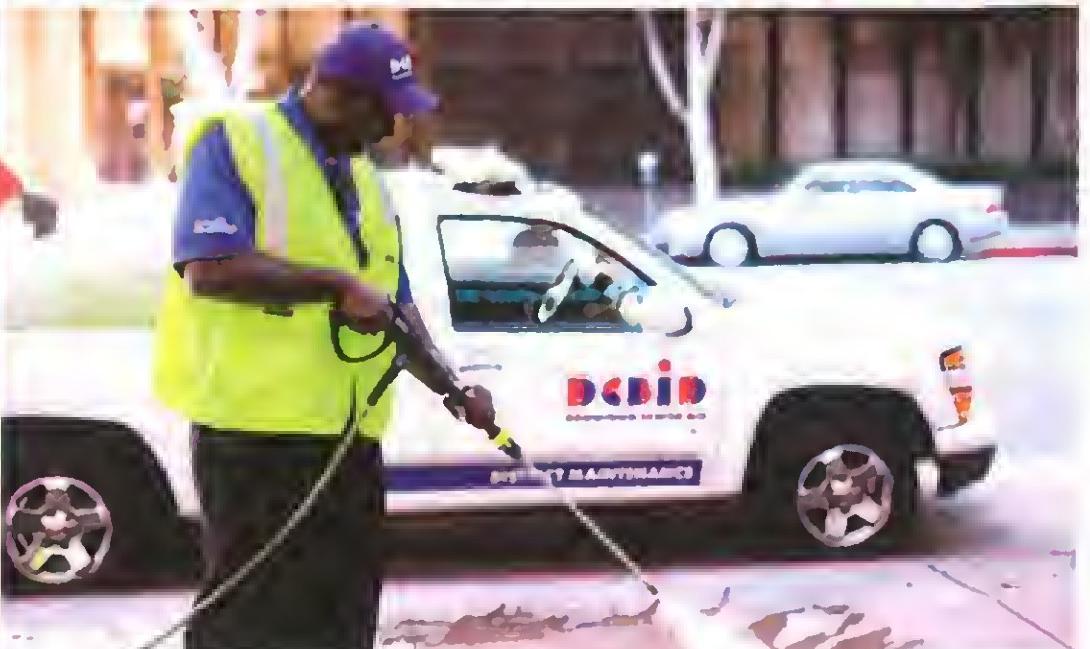

Installed **36** solar-powered trash receptacles throughout the District

Hosted annual community events with over **4,000** combined attendees

Launched DowntownLA.com- the **#1** online resource for Downtown LA information

Swept and power washed over **470** miles of sidewalk

Trimmed over **1,000** trees each year

**PETITION TO RENEW THE

PETITION INSTRUCTIONS: Property owner(s) MUST complete the following steps:

A) REVIEW YOUR PETITION

- 1) Confirm the name listed is the Legal Owner as recorded by the County Tax Assessor.
- 2) Ensure the APN numbers and property addresses on your petition match your property.
- 3) Review the proposed assessment charge(s) and the percentage of the district-wide assessment associated with each individual parcel and for all your properties.

B) MARK YOUR PETITION

- 1) Fill in the box to approve the petition.

- 2) Read the Statement of Authority to Sign This Petition. Complete the name, date, and signature (location one) sections. (This section affirms your authority to vote for the property. *Please see WHO CAN SIGN section below*)
- 3) Fill out **EITHER** the Property Owner's Name, Property Owner's Signature, and Date **OR** Duly Authorized Signature, Title, and Date (location two) sections.

NOTE: Both Name and Title of petition signer must be PRINTED AND LEGIBLE on each petition in order for a petition to be verified. All petitions received are subject to verification and may be rejected if the signer of the petition does not match the legal owner of record or a legally authorized signer.

C) SUBMIT PETITION

Submit your completed petition by mail or overnight delivery to:

**Downtown Center Business Improvement District
626 Wilshire Blvd., Suite 200
Los Angeles, CA 90017**

Petitions will be weighted according to the financial obligation of the owners of the affected properties.

WHO CAN SIGN THE PETITION?

The property owner should fill out the petition. The following guidelines outline who can sign the petition based on ownership:

If the property is owned by an individual, the individual must sign.

If the property is owned by a corporation, the petition may be signed for the corporation by any officer pursuant to Corporations Code section 313 (i.e., the Chairman of the Board, President, or Vice President and the Secretary, any Assistant Secretary, the Chief Financial Officer, or any Assistant Treasurer) or pursuant to the bylaws or by resolution of the corporation's Board of Directors.

If the property is owned by a partnership, any general partner may sign.

If two or more persons own the property as tenants-in-common, any one tenant-in-common may sign for all.

If two or more persons own the property in joint tenancy, any one joint tenant may sign for all.

If property is held by a married couple as community property, both must sign the petition.

NOTE: In the event that more than one of the record owners of an identified parcel submits a petition, the amount of the proposed assessment to be imposed upon the identified parcel shall be allocated to each petition submitted in proportion to the respective record ownership interests or, if the ownership interests are not shown of record, as established to the satisfaction of the agency by documentation provided by those record owners. (Government Code section 53753(e)(l))

SETTLEMENT AGREEMENT AND RELEASE

THIS SETTLEMENT AGREEMENT AND RELEASE (“Agreement”) is entered into by Hill RHF Housing Partners, L.P. (“Hill LP”) and Hill Olive Housing Partners, L.P. (“Olive LP”) (jointly, the “Plaintiffs”) and the City of Los Angeles (“City”), referred to jointly as “the Parties.” This Agreement is based upon the following recitals of facts.

RECITALS

1. Disputes have arisen between the Parties regarding the Downtown Center Business Improvement District (the “DCBID”) located in the City of Los Angeles as set forth in an action entitled Hill RHF Housing Partners, L.P.; Olive RHF Housing Partners, L.P. v. City of Los Angeles City of Los Angeles, et al (the “Litigation”). The interests of Hill LP and Olive LP are aligned in the Litigation.

2. This litigation concerns the formation of the DCBID, adopted by ordinance of the City Council on June 19, 2012. The DCBID is a special assessment district that must comply with the requirements of Section 4 of Article XIIIID of the California Constitution. The details for the operation of the DCBID and the assessments to be made to support the operation of the DCBID are set forth in an Engineer’s Report and a District Management Plan, which are attached to the Petition for Peremptory Writ of Mandate (“Petition”) on which this matter is based. The Plaintiffs timely filed an action challenging the validity of the assessments that would be made by the DCBID against property owned by Plaintiffs.

3. Hill LP is, and was at the time of the filing of the Petition, the owner of 255 South Hill Street (known as “Angelus Plaza”), APN 5149-010-264. Olive LP is, and was at the time of the filing of the Petition, the owner of 200 South Olive Street (known as “Angelus Plaza North”), APN 5149-010-023. Plaintiffs own no other properties that are assessed any amounts with respect to the DCBID.

4. The Parties are now desirous of settlement all of their claims against each other arising out of and as described in the Litigation.

5. In order to resolve the matters raised and described in the Litigation, the City will undertake to make the Plaintiffs whole for those assessments made by the DCBID against the properties owned by Plaintiffs at the time of the formation of the DCBID, as described in the Petition. For so long as the Plaintiffs remain the owners of these properties, and the DCBID continues in its current formulation, the City will remit to Plaintiffs an amount sufficient to satisfy the amounts paid by Plaintiffs to the DCBID as part of assessments set forth in the Engineer’s Report and the Management Plan.

6. Plaintiffs will remain part of the DCBID and will abide by the terms of the DCBID until the DCBID expires in 2018. This Agreement does not address any business improvement districts except the DCBID adopted by ordinance of the City Council on June 19, 2012.

NOW, THEREFORE, in consideration of the terms, conditions and covenants set forth, it is understood and agreed as follows:

1. Terms of Release

a. Compensation:

- i. Plaintiffs shall, within 30 (thirty) days of payment, submit payment of any assessment paid to the DCBID, whether directly or through the Los Angeles County Assessor's Office, submit proof of payment to Miranda Paster, Office of the Clerk, City of Los Angeles, or a designated successor. If Plaintiffs cannot submit proof of payment within 30 days of payment, Plaintiffs shall notify the City of the reason for delay and provide proof of payment as quickly as reasonably possible.
- ii. Upon receiving proof of payment of any assessment paid to the DCBID, the City shall, within 30 (thirty) days, provide funds equal to the amount paid by Plaintiffs by cash, check, cashiers check, money order, wire transfer, or other mutually agreeable method. The payment shall be made to the person designated by Plaintiffs.
- iii. If the City fails to pay the City as set forth in Paragraph 1.a.ii., above:
 1. Plaintiffs shall provide 10 days notice by mail to the City via its attorney, Daniel M. Whitley, at his address of record.
 2. If the City does not satisfy the amount due within 20 days of the date on which the City provided notice of failure to pay, the City shall be able to obtain on an ex parte basis a judgment in the full amount of the amount due for that assessment.

b. Representation and Warranties

The parties warrant that they have not assigned or transferred, or purported to assign or transfer to any person, firm or corporation, either voluntarily or involuntarily, any claim, cause of action, or right based on, or arising out of, or in connection with any matter, fact or anything described or referred to in any of the pleadings, records or papers in the Litigation.

The parties further represent and warrant that no other legal actions arising out of, based upon, or in any way connected with the claims or purported causes of action released herein, other than the legal action specifically set forth herein, have been filed.

c. Release of All Claims by the Parties

- i. As consideration for this Agreement, the Parties hereby release and discharge each other, their agents, servants, employees, owners, shareholders, officers, directors, partners, associates, attorneys, representatives, successors, predecessors, subsidiaries, assigns, parent companies, affiliates, heirs, spouses, firms, associations, partnerships and corporations, and their insurance companies, and each and all of them, of and from any obligations, liability, guarantees, actions, causes of action, damages, judgments, exactions, debts, costs, expenses, attorneys' fees, taxes, liens, notes, securities, stocks, bonds, investments, claims and demands, whatsoever under the laws of the State of California, and of any other state of the United States and/or the United States of America and the laws of any other nation, country, territory or jurisdiction for, from, upon, under, on account of, growing or arising out of, or related to the subject matter of the Litigation between the Parties and does hereby acknowledge full and complete compromise and settlement, and complete satisfaction thereof.
- ii. This settlement is intended to and does hereby fully and completely release the Parties from any and all claims, suits and demands of any nature whatsoever including but not limited to claims, suits, and demands which were alleged or could have been alleged by the City in the Litigation.
- iii. This Agreement shall not inure to the benefit of any third-party to this Agreement. A third-party shall include anyone and everyone but the Parties.

d. Section 1542 Waiver

It is further understood and agreed that the Parties specifically waive all rights under Section 1542 of the California Civil Code which provides as follows:

“[Certain claims not affected by general release.] A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the Release, which if known by him, must have materially affected his settlement with the debtor.”

e. Dismissal with Prejudice

The Plaintiffs agree to execute a stipulation for dismissal with prejudice of the Litigation upon execution of this Agreement.

f. Settlement not to be Construed as an Admission

The settlement entered into by the Parties pursuant to this Agreement is made solely for the purpose of compromising and settling the matters in dispute. It does not constitute, and shall not be construed to constitute, and admission of the truth or validity of any claims asserted by any party.

g. Jurisdiction

The Court shall retain jurisdiction pursuant to Code of Civil Procedure section 664.6 to enforce the terms of the Settlement Agreement. This Agreement shall be construed in accordance with the laws of the State of California.

h. Counterparts and Signatures

This Agreement may be signed in counterparts and facsimile copies are to be construed as originals.

IN WITNESS WHEREOF, the undersigned have caused this Agreement to be executed as of the date first above written and their attorneys have indicated their approval by their respective signature in the appropriate places below.

NOW, THEREFORE, in consideration of the terms, conditions and covenants set forth, it is understood and agreed as follows:

1. Terms of Release

a. Compensation:

- i. Plaintiffs shall, within 30 (thirty) days of payment, submit payment of any assessment paid to the DCBID, whether directly or through the Los Angeles County Assessor's Office, submit proof of payment to Miranda Paster, Office of the Clerk, City of Los Angeles, or a designated successor. If Plaintiffs cannot submit proof of payment within 30 days of payment, Plaintiffs shall notify the City of the reason for delay and provide proof of payment as quickly as reasonably possible.
- ii. Upon receiving proof of payment of any assessment paid to the DCBID, the City shall, within 30 (thirty) days, provide funds equal to the amount paid by Plaintiffs by cash, check, cashiers check, money order, wire transfer, or other mutually agreeable method. The payment shall be made to the person designated by Plaintiffs.
- iii. If the City fails to pay the CityPlaintiff's as set forth in Paragraph 1.a.ii., above:
 1. Plaintiffs shall provide 10 days notice by mail to the City via its attorney, Daniel M. Whitley, at his address of record, or a designated successor.
 2. If the City does not satisfy the amount due within 20 days of the date on which the CityPlaintiff's provided notice of failure to pay, the CityPlaintiff's shall be able to obtain ~~on-unmove~~ ex parte basis to convert the entire Agreement into a judgment-in-the-, including a monetary judgment for the full amount of the amount due for that assessment, plus interest due at the legal rate calculated from the date the payment to Plaintiff's was due, and reducing to judgment the City's repayment obligations with respect to future assessments paid by Plaintiff's within 30 days of notice of payment provided by Plaintiff's to the City as contemplated in the Agreement.

b. Representation and Warranties

The parties warrant that they have not assigned or transferred, or purported to assign or transfer to any person, firm or corporation, either voluntarily or involuntarily, any claim, cause of action, or right based on, or arising out of, or in connection with any

Formatted: Justified, Indent: Left: 2.25"

matter, fact or anything described or referred to in any of the pleadings, records or papers in the Litigation.

The parties further represent and warrant that no other legal actions arising out of, based upon, or in any way connected with the claims or purported causes of action released herein, other than the legal action specifically set forth herein, have been filed.

c. Release of All Claims by the Parties

Formatted: Justified

- i. As consideration for this Agreement, the Parties hereby release and discharge each other, their agents, servants, employees, owners, shareholders, officers, directors, partners, associates, attorneys, representatives, successors, predecessors, subsidiaries, assigns, parent companies, affiliates, heirs, spouses, firms, associations, partnerships and corporations, and their insurance companies, and each and all of them, of and from any obligations, liability, guarantees, actions, causes of action, damages, judgments, exactions, debts, costs, expenses, attorneys' fees, taxes, liens, notes, securities, stocks, bonds, investments, claims and demands, whatsoever under the laws of the State of California, and of any other state of the United States and/or the United States of America and the laws of any other nation, country, territory or jurisdiction for, from, upon, under, on account of, growing or arising out of, or related to the subject matter of the Litigation between the Parties and ~~does/do~~ hereby acknowledge full and complete compromise and settlement, and complete satisfaction thereof.
- ii. This settlement is intended to and does hereby fully and completely release the Parties from any and all claims, suits and demands of any nature whatsoever including but not limited to claims, suits, and demands which were alleged or could have been alleged by the City in the Litigation.
- iii. This Agreement shall not inure to the benefit of any third-party to this Agreement. A third-party shall include anyone and everyone but the Parties.

d. Section 1542 Waiver

It is further understood and agreed that the Parties specifically waive all rights under Section 1542 of the California Civil Code which provides as follows:

"[Certain claims not affected by general release.] A general release does not extend to claims which the creditor does not know or suspect to exist in his favor

at the time of executing the Release, which if known by him, must have materially affected his settlement with the debtor."

e. Dismissal with Prejudice

The Plaintiffs agree to execute a stipulation~~request~~ for dismissal with prejudice of the Litigation upon execution of this Agreement. Each party shall bear its own fees and costs in connection with the Litigation.

Formatted: Justified, Indent: Left: 0.98"
Formatted: Justified

f. Settlement not to be Construed as an Admission

The settlement entered into by the Parties pursuant to this Agreement is made solely for the purpose of compromising and settling the matters in dispute. It does not constitute, and shall not be construed to constitute, ~~and~~an admission of the truth or validity of any claims asserted by any party.

g. Jurisdiction

The Court shall retain jurisdiction pursuant to Code of Civil Procedure section 664.6 to enforce the terms of the Settlement Agreement. This Agreement shall be construed in accordance with the laws of the State of California.

h. Attorney's Fees

The prevailing party in any proceedings arising under this Agreement shall be entitled to recover its attorney's fees and costs.

Formatted: Justified, Indent: Left: 0.53", First line: 0.45"

h.i. Counterparts and Signatures

This Agreement may be signed in counterparts and facsimile or PDF copies are to be construed as originals.

Formatted: Justified

IN WITNESS WHEREOF, the undersigned have caused this Agreement to be executed as of the date first above written and their attorneys have indicated their approval by their respective signature in the appropriate places below.

Attorneys for Defendant City of Los Angeles

I am "readily familiar" with the firm's practice of collection and processing correspondence for mailing. Under that practice it would be deposited in U.S. Postal service on that same day with postage thereon fully prepaid at Los Angeles, California in the ordinary course of business. I am aware that on motion of the party served, service is presumed invalid if postal cancellation date or postage meter date is more than one day after date of deposit for mailing in affidavit.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on **February 27, 2013**, at Los Angeles, California.

Hi,

The new BID uses a different methodology, and so we don't believe it's using the same formulation as before. If your client wishes to contest the assessments it will have to file suit.

On Mon, Jun 26, 2017 at 4:35 PM, Stephen Raucher <sraucher@rrbattorneys.com> wrote:

Mr. Whitley –

I never heard back from you on this. As you probably know, the DCBID has now been renewed, so unless RHF has confirmation either that the settlement agreement continues to apply, or we reach a new settlement, RHF will have no choice but to file suit. Please advise.

Best,

Stephen L. Raucher

Hi,

We are still looking this over. It appears that the management plan has substantial changes and so the settlement agreement would not apply, but we are still looking into the matter. I should know in a week or so.

Hi,

I will look into it and get back to you as soon as possible.

On Mon, May 8, 2017 at 3:53 PM, Stephen Raucher <sraucher@rrbattorneys.com> wrote:

Dear Mr. Whitley,

As you probably know, the DCBID is coming up for renewal. Our settlement agreement (attached for your reference) remains in effect “for so long as . . . the DCBID continues in its current formulation.” Nonetheless, in an abundance of caution, I wanted to reach out to you to find out the City’s position on the continued effectiveness of the Settlement Agreement. In the event the City contends that the current settlement expires with the current term of the DCBID, is the City willing to enter into a new, similar agreement?

Hi,

We haven't received any mailings regarding the BID assessments for these taxpayers. Can you please check to see when we will receive them? If we don't soon, we can't process the payment because the City's yearly budget will have run (a problem with the City's budgeting and expenditure system).

Thanks!

ENGINEER'S STATEMENT

This Report is prepared pursuant to Section 36600 et seq. of the California Streets and Highways Code (the "Property and Business Improvement District Law of 1994" as amended) (herein after "State Law") and pursuant to the provisions of Article XIIIID of the California Constitution (Proposition 218).

The Downtown Center Property-Based Business Improvement District ("District") will provide services either currently not provided, or not provided to the same degree, by the City of Los Angeles. These services will specially benefit individual assessable parcels in the Downtown Center area. Every individual assessed parcel within the District receives special benefit from the Clean and Safe, Economic Development and Marketing activities. Only those parcels within the District receive the special benefit of these proposed activities (Exhibit A); parcels contiguous to and outside the District do not receive the service or special benefit from the proposed services.

The duration of the proposed District is five (5) years commencing January 1, 2013. An estimated budget for the District improvements and activities is set forth in Exhibit F. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners' Association and approved by the City Council and will vary between 0 and 5% in any given year. Funding for the District improvements and activities shall be derived from a property-based assessment of each assessable parcel in the District. A detailed description of the methodology for determining the proportional special benefit each assessable parcel receives from the service and the assessment for each parcel is set forth in Exhibit E.

This Report includes the following attached Exhibits:

- EXHIBIT A:** Improvements and Activities
- EXHIBIT B:** District Boundary
- EXHIBIT C:** Special and General Benefits
- EXHIBIT D:** Publicly Owned Parcels
- EXHIBIT E:** Proportional Benefits
- EXHIBIT F:** Cost Estimate
- EXHIBIT G:** Apportionment Method
- EXHIBIT H:** Assessment Roll

Respectfully submitted,

Terrance E Lowell
Terrance E. Lowell, P.E.

EXHIBIT A: DISTRICT ACTIVITIES

Through a series of property owner meetings the Downtown Center District Business Improvement District Renewal Committee collectively determined the improvements and activities to be delivered by the business improvement District. The primary needs as determined by the property owners were: safety/maintenance and economic development/marketing. Please refer to the Management District Plan dated December 2011 for a complete description of the improvements and activities.

Based upon these findings, the following improvement and activity categories are recommended for the District. The following narrative provides recommendations for the District's first year of operation. Final programs and budgets will be subject to the review and approval of the District Owners' Association and City Council.

Clean and Safe Programs

Safe Team Program: The Safety Program will provide security services for the individual assessed parcels located within the District in the form of patrolling bicycle personnel, nighttime vehicle patrol and downtown ambassadors. Both zones one and two receive the same level of safe services. The purpose of the Safe Team Program is to prevent, deter and report illegal activities taking place on the streets, sidewalks, storefronts, parking lots and alleys. The presence of the Safe Team Program is intended to deter such illegal activities as public urination, indecent exposure, trespassing, drinking in public, prostitution, illegal panhandling, illegal vending, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will maintain communication with the Los Angeles Police Department (LAPD) area patrols and intends to report illegal activities to the LAPD. The Safe Team Program will only provide its services to assessed properties within the District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates, residential serving businesses and customer usage.

Clean Program: In order to consistently deal with cleaning issues, the Downtown Center Business Improvement District Cleaning Program will continue the work that began in 1998. Basic cleaning services, such as trash pickup and removal from the district, landscape service, equipment expense and management are delivered to both zones one and two. Additional cleaning services will be provided to both Zone One and Zone Two to meet the specific needs of each zone. Zone One will receive approximately 200 additional hours of sidewalk sweeping, sidewalk cleaning and graffiti removal. Zone Two will receive approximately 625 additional hours of sidewalk sweeping, sidewalk cleaning and graffiti removal. The clean program budget for each zone can be found in the chart in Section 4, page 19. The clean team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. In order to consistently deal with cleaning issues, a multi-dimensional approach has been developed consisting of the following elements.

Sidewalk Cleaning: Uniformed, radio equipped personnel sweep litter, remove debris and refuse from sidewalks and gutters of the District. District personnel may pressure wash the sidewalks.

Trash Collection: Collector truck personnel collect trash from sidewalk trash receptacles as needed. District trucks are often called to assist LAPD to dispose of illegal food vendors' inventory. They are also dispatched to collect stolen shopping carts and large bulky items illegally dumped in the District.

Graffiti and Handbill Removal: District personnel remove graffiti by painting, using solvent and/or pressure washing. The District maintains a zero tolerance graffiti policy. An effort is made to remove all "tags" within 24 hours on weekdays.

Landscape: Landscape improvement and street tree trimming are important to keep the District looking attractive.

Economic Development and Marketing

In order to communicate the changes that are taking place in the Downtown Center Business Improvement District and to enhance the positive perception of the Downtown Center District parcels a professionally developed marketing, communication and economic development program has been created. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce. The special benefit to residential parcels is increased occupancy rates and an increase in residential serving businesses such as restaurants and retail stores. Public owned parcels, such as the library and park will receive special benefit from increased use which directly relates to fulfilling their public service mission. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity. The following are some of the programs and projects that have been implemented and are planned.

Marketing Collateral

- Newsletters
- Public Relations Materials
- Information Kiosks
- Downtown Center Map
- Retail Guide
- Marketing materials
- Website Design/Operation
- Property Owner Communication
- Annual Report/Marketing Plan
- Property Owner Survey
- Consumer Attitude Survey

- Downtown Center Brokers Program
- Outlying Brokers Program
- Investment Media Relations
- Trade Show Marketing
- Property Managers Program
- Property Database Development/Update
- Property Marketing Material
- Economic Studies and Planning
- Downtown Center Residential Development Programs

Special Projects

The Special Projects budget is reserved for opportunities and additional projects that present themselves during the life of the District. These special projects will improve commerce by attracting pedestrians to provide a special benefit to the individual assessed parcels within the District. Special project funds will only be used to specially benefit assessed parcels within the District. Special projects may include activities such as, increased landscape service, tenant recruitment and support, increased communication or event production. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce. Public parcels receive special benefit from increased use which directly relates to fulfilling their public service mission. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity. The special benefit to residential parcels is increased occupancy rates and an increase in residential serving businesses such as restaurants and retail stores.

Management/City Fees/Delinquent Assessments

The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works on behalf of the District parcels to insure that City and County services and policies support the District. Included in this item are the cost to conduct a yearly financial review, City fees to collect and process the assessments, a reserve for uncollectible assessments and depreciation. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

EXHIBIT B: DISTRICT BOUNDARY

The Downtown Center Business Improvement District includes all parcels that will specially benefit from the proposed services and activities. The property uses within the general boundaries of the Downtown Center Business Improvement District are a mix of retail, theater, religious, parking, office and residential. Services and improvements provided by the District are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. All of the services provided, such as the security work provided by the Safe Team and the maintenance work provided by the Clean Team, are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District because of the unique nature of these services focusing on the particular needs of each individual assessed property within the District. These services provide particular and distinct benefits to each of the individual assessed parcels within the District.

In order to ensure that parcels outside of the District will not specially benefit from the improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, maintenance/sanitation personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside the District boundaries. District promotional efforts will aggressively promote and emphasize activities that benefit individual assessed parcels within District boundaries.

The boundary is formed by:

Northern Boundary. The Northern boundary begins at the intersection of the 110/Harbor Freeway and 1st Street. Head east on 1st Street to the intersection with Los Angeles Street. All parcels on the south side of 1st Street are included in the District.

Property north of 1st Street is predominately dominated by large government uses including the Los Angeles Department of Water and Power, Los Angeles County Court, Los Angeles County Hall of Records, Los Angeles County Criminal Courts and the Los Angeles City Hall. These large parcels north of 1st Street are predominantly zoned "Public Facilities" and will not receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. The property south of 1st Street is predominately in private ownership, predominantly zoned "Commercial" and will receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels.. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Eastern Boundary. The Eastern boundary begins at the intersection with the Northern boundary at Los Angeles Street. Turn south along Los Angeles Street to the intersection with 2nd Street. At 2nd Street turn west to an intersection with the east parcel line of the parcel facing on the east side of Main Street. Proceed south following the east parcel line of property facing on the east side of Main Street. From 2nd Street to 4th Street, at 4th Street proceed west along the center of 4th Street to the intersection of the east parcel line of the parcel on the south east corner of 4th Street and Hill Street. From 4th Street to 8th Street the Eastern boundary follows the east parcel line of property facing on the east side of Hill St., from 8th Street to Olympic Boulevard. the Eastern boundary is the center of Hill Street., to the intersection of with the Southern Boundary at Olympic Boulevard.

The eastern boundary of the Downtown Center Business Improvement District abuts the western boundary of several established business improvement districts. From north to south the Downtown Center Business Improvement District abuts the Little Tokyo BID, the Historic Downtown BID and the Fashion District BID. All of these BIDs provide improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From 3rd Street to 6th Street on the eastern border the area abutting the Downtown Center District was formerly the Toy District Business Improvement District. The parcels in the former Toy District are predominantly wholesale in nature and will not receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Southern Boundary. The Southern boundary begins at the intersection with the Eastern boundary the Southern boundary is the center of Olympic Boulevard to Flower Street. At Flower Street the boundary proceeds north to 9th Street along the center of Flower Street. At 9th Street the boundary proceeds west to the 110/Harbor Freeway along the center of 9th Street.

The southern boundary of the Downtown Center Business Improvement District abuts the northern boundary of the South Park BID from the Harbor 110 Freeway to Grand Avenue. The South Park BID provides improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From Grand Avenue to Broadway the southern boundary abuts an area that is currently being studied by the South Park Business Improvement District for inclusion in that District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services

to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Western Boundary. The Western Boundary begins at the intersection with the Southern boundary at Olympic Boulevard. The Western boundary from Olympic Boulevard to 9th Street is the center of Flower Street. From 9th Street to 1st Street the Western boundary is the 110/Harbor Freeway.

The western boundary of the Downtown Center Business Improvement District is the 110/Harbor Freeway. The Freeway acts as a barrier on the western boundary separating the parcels within the district from those outside of the district. The Freeway acts as a barrier to insure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual parcels within the boundaries of the District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Benefit Zones

All properties within the District boundary do not receive the same level of service or special benefit from the proposed services and activities. In order to determine the service levels and special benefit the District is segregated into benefit zones based upon each zone's unique characteristics and service requirements. For the Downtown Center BID the District is segregated into two benefit zones to address such needs.

Zone One Is defined as all parcels within a boundary formed by 1st Street on the north, The 110/Harbor Freeway on the west. The Eastern boundary is the center of Hill Street from 1st Street to midway between 4th Street and 5th Street. From midway between 4th Street and 5th Street the Eastern boundary is the center of Olive Street. From 5th Street to 6th Street the Eastern boundary is the center of Grand Avenue. From 6th Street to Wilshire Boulevard the Eastern boundary is the center of Hope Street. From Wilshire Boulevard to 9th Street the Eastern boundary is the west parcel line of property facing on the west side of Flower Street. The Southern boundary of Zone One is between Hill Street and Olive Street is the south property line of the parcel mid block between 4th Street and 5th Street. The southern boundary between Olive Street and Grand Avenue is the center of 5th Street. The Southern boundary between Grand Avenue and Hope Street is the center of 6th Street. The Southern boundary between Hope Street and Flower Street is Wilshire Boulevard. The Southern Boundary between Flower Street and the Harbor/110 Freeway is 9th Street.

Zone Two Zone Two is defined as all parcels within a boundary formed by 1st Street on the north from Hill Street to Los Angeles Street. The Eastern boundary of Zone Two is the

Eastern boundary of the District. The Southern boundary of Zone Two is Olympic Boulevard from Hill Street to Flower Street and 9th Street from Flower Street to the first alley west of Flower Street. The Western boundary of Zone Two begins at the intersection of 9th Street and the first alley west of Flower Street. Turn north along the center of the alley to 8th Street. At 8th Street turn west along 8th Street to Figueroa Street. At Figueroa Street turn north to 7th Street. At 7th Street turn east to the intersection with the first alley east of Figueroa Street. Turn north along the middle of the alley to Wilshire Boulevard. Turn east on Wilshire Boulevard to Hope Street. Turn north on Hope Street to 6th Street. At 6th Street turn east to Grand Avenue. At Grand Avenue turn north to 5th Street. At 5th Street turn east to Olive Street. Turn north on Olive Street to midway between 5th Street and 4th Street turn east to Hill Street. At Hill Street turn north to 1st Street.

EXHIBIT C: SPECIAL and GENERAL BENEFITS

The Property and Business Improvement District Law of 1994, as amended, and the State Constitution Article XIIIID require that assessments be levied according to the special benefit each assessed parcel receives from the services and activities. Article XIIIID Section 4(a) in part states "only special benefits are assessable," which requires that we "separate the general benefits from the special benefits conferred on a parcel." A special benefit as defined in Article XIIIID means a particular and distinct benefit over and above general benefits conferred or real property located in the District or to the public at large.

Special Benefit

All of the District services and activities are to enhance and not replace or duplicate any City-provided services. The intent of the District is to fund supplemental services, programs and activities to each individual assessed parcel within the District boundary above and beyond the services each parcel receives from the City from its general property taxes. All benefits derived from the assessments outlined in this report are for property-related services directly benefiting the individual assessed parcels in this specialized District that support increased commerce and the goals and objectives of the business improvement District. The special benefit must affect the assessed property in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large do not share. Inasmuch as all services will be provided to each of the properties within the District boundaries and no services will be provided to any parcel outside the District boundaries, and whereas these services are above and beyond what the City currently provides with its General Fund, the assessments levied are only for the special benefits received. The District services provide particular and distinct benefits only to each individual assessable parcel within the District, not to the public at large. The proposed services are narrowly defined to confer a particular and distinct benefit to the individual assessable parcels within the District. The services do not confer general benefits on the community as a whole, like general City services. Each of the parcels in the District participates in the tangible benefits from the parcel-specific security, maintenance, and marketing programs.

We determined that each of the proposed services and activities provides special benefit only to the individual assessable parcels within the District area. Each of the activities is designed to meet the goals of the District; to improve the cleanliness and safety of each individual assessable parcel within the District, to increase building occupancy and lease rates, to encourage new business development and attract residential serving businesses and services to each individual assessed parcel within the District. A basic premise of commercial business is that increased pedestrian traffic increases the economic return to each individual assessable parcel. The increase in pedestrian traffic is likely to encourage commerce from both visitors and residents. All pedestrian traffic is considered to be potential customers who will become the target audience for future patronage of retail and business establishments and services, and the renting of space in commercial and residential buildings. The enhanced District

services are a special benefit to each individual assessable parcel because they are intended to increase pedestrian traffic. The special benefit to individual assessable parcels from these proposed District services and activities exceeds the total amount of the proposed assessment.

Clean and Safe

These activities, as described in Exhibit A, are above the City's base level of services and intended to provide a cleaner and safer environment to the property owners, tenants, and visitors. The presence of the Safe Team is intended to deter such illegal activities as potential break ins, automobile related crimes petty theft, public urination, indecent exposure, trespassing, drinking in public, illegal panhandling, and illegal dumping. The Safe Team may also act as escorts for residents or employees to move around the District that may need additional security. While on patrol, the Safe Team monitor activity within the public area and will report suspicious activities, criminal actions and/or emergencies to the Los Angeles Police Department (LAPD). The Ambassador services are not to replace existing LAPD area patrols or any other security and patrol services throughout the District. The maintenance services will continue the efforts to enhance the cleanliness and image of the District. These services are delivered specifically to the Downtown Center area, thus, each individual assessed parcel located in the District specially benefits from the enhanced service levels. These services will not be delivered to any parcel outside the District boundary and are intended to meet the goals of the District as discussed above. All general benefits, if any are intangible and are not quantifiable because the properties outside the District boundaries will not directly receive any of the improvements or activities. Thus, the benefit they may receive is not measurable.

Economic Development, Marketing and Special Projects

These activities, as described in Exhibit A, are intended to retain, attract, and incubate new business. This is in an effort to enhance the value of the properties and encourage investment dollars. In order to accomplish this, the District proposes a myriad of business retention and recruitment, marketing, and image enhancement programs. The City does not provide any of these services. This program is designed to specially benefit the individual assessable parcels within the District by encouraging future investment and commerce. Therefore, the economic enhancements provide a special benefit to all individual assessable parcels in the District area.

Management

This program, as described in Exhibit A, is designed to develop public/private partnerships that will enhance the goals and needs of the District area, all in an effort to increase Investment dollars and commerce. The program is designed to effectively and efficiently manage the day-to-day operations of the District and ensure it is meeting its goals and objectives. The above benefits are to be provided only to the individual assessed parcels within the District boundaries. The management services are unique to the District and are necessary for the District to function properly, thus they provide a special benefit only to the individual assessed parcels in the District.

General Benefit

The City's base level of services financed through the City's general fund is a general benefit to all parcels within the City's jurisdictional boundary. Any services that the City provides to the parcels in the District are a general benefit so long as those services are provided to every other parcel within the City's jurisdiction. Since the parcels within the District will receive distinct property related services over and above the base level of services that every other parcel in the City receives, the additional services solely provide a special benefit to each of the individual assessed parcels in the District.

The California State Legislature found that assessments levied for the purpose of providing improvements and promoting activities that benefit real property are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property for which the improvement and activities are provided, Streets and Highways Code section 36601(d).

EXHIBIT D: PUBLICLY OWNED PARCELS

Public Property Assessments

The Downtown Center District will provide all the activities to the City of Los Angeles or any other government-owned parcels within the District boundary. The public owned parcels are used in a manner similar to commercial uses throughout the District where people engage in business activities whether it be an office building where employees work or visitors attend governmental affairs. The District activities provide a safer and cleaner environment for people, be they employees that work in the buildings or customers that engage in commerce. Article XIIIID of the California Constitution was added in November 1996 and provides for these assessments.

A list of the publicly-owned parcels and their respective assessments are listed in Exhibit H.

EXHIBIT E: PROPORTIONAL SPECIAL BENEFITS

Methodology

Determining the proportionate special benefit among the parcels of real property within the proposed assessment District which benefit from the proposed improvements is the result of a four-step process:

1. Defining the proposed improvements.
2. Defining how each parcel specially benefits from the proposed improvements and activities.
3. Determining the relative proportional special benefit each parcel receives in relation to the other parcels in the District.
4. Apportioning the cost of the proposed improvements and activities to each assessed parcel based on the proportionate special benefit received.

The proportional special assessment derived by each identified individual assessable parcel shall be determined in relationship to the special benefit received from an improvement or activity from the distinct property-related service being provided. Due to the proportionate special benefits the individual assessed parcels receive received from the District services, the individual assessed parcels will be assessed a rate which is proportionate to the amount of special benefits received.

Assessment Factors

Each of the District activities is designed to meet the goals of the District, i.e., to improve the safety of the people that use each individual assessable parcel and to reduce vandalism to each assessable property within the District, to increase building occupancy and lease rates, to encourage new business development; and attract ancillary businesses and services for individual assessed parcels within the District. The end result of successful implementation of these activities will benefit each individual assessed parcel. A determination of how much a parcel benefits from these activities is related to each parcel's lot size and/or building size.

For the District activities, the best measure of proportional special benefit for an individual parcel is determined by a ratio of the parcel's assessable square footage to the total assessable square footage of all parcels in the District boundary.

Assessable Square Footage Defined. The following assessment methodologies have been developed to define "assessable square footage":

Gross Building Square Footage will be the primary measure of assessable square footage. Parcels with non-parking building improvements will receive the most direct special benefit from Downtown Center Business Improvement District improvements and activities.

Gross Square Footage of Parking: Because parking structures and lots are primarily used to park cars and not to house tenants or businesses, and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses receive a differing level of special benefit from Downtown Center Business Improvement District improvements and activities. Parking uses will be subject to one of the following methodologies:

- A. Parking square footage that is owned by the same owner as a building, and the primary use of the parking is dedicated to the building, will be assessed with one of the following methodologies:
 1. If the parking square footage is integrated within the building (under, over, or within), this square footage will be excluded from the calculation of building square footage, when determining building assessments. This parking requires no additional District services and receives no special benefit.
 2. Parking square footage that meets all of the following three criteria will be excluded from the calculation of building square footage when determining building assessments. This parking requires no additional District services and receives no special benefit.
 - a. attached to a building; and
 - b. has the same ownership as the building and;
 - c. is on the same parcel as the building.
 3. Non-integrated/non-attached structured parking and/or surface parking with the same ownership as a building and;With the primary use of its parking dedicated to the building requires less District services than a building and will receive a differing level of special benefit than a building, will be assessed on land square footage only. Each individual assessed parcel pays 100% of the special benefit it receives from the District activities. Non-integrated structured parking need not be adjacent to the building which uses a majority of its parking, but must be within one thousand feet of the property owner's primary building related to this structure. The one thousand feet will be measured from the closest parcel lines of the building parcel and parking structure parcel.
 - ✓ For example, the parking structure could be across the street from the primary building.
- B. Parking square footage that does not have the same ownership as a building will be assessed with one of the following methodologies:
 1. Non-integrated structured parking with ownership different than any building that may use a majority of the parking will be assessed on land square footage, plus 50% of the parking structure building square footage. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users requires district services and receives

a differing level of special benefits than parking that primarily serves a single building, but less services and receives a differing level of special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings parking uses, by comparison, receive 50% less special benefit. Each parcel pays 100% of the special benefit derived by the individual parcel.

2. Independent stand-alone structured parking that does not have a majority of its parking dedicated to any one building will be assessed on land square footage, plus 50% of the parking structure building square footage. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users requires district services and receives more special benefits than parking that primarily serves a single building, but less services and receives a differing level of special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings parking uses receive 50% less special benefit. Each parcel pays 100% of the special benefit derived by the individual parcel.

C. Surface parking will be assessed on land square footage,

Vacant or Undeveloped Land:

1. Vacant/undeveloped land will be assessed on land square footage.

The new structure square footage will be assessed when the building receives a certificate of occupancy. New structure assessments for the current fiscal year will be prorated to the date they receive the certificate of occupancy.

Assessable Square Footage is the total of gross building square footage and/or when applicable, land square footage, plus applicable, assessable parking square footage for each parcel.

EXHIBIT F: COST ESTIMATE

2013 Operating Budget

The following table outlines the District maximum assessment operating budget for calendar year 2013.

Activity	Budget
Clean and Safe	\$3,115,527
Economic Development/Marketing	\$1,656,436
Management	\$1,051,737
Special Projects	\$130,000
TOTAL	\$5,953,700

Budget Notations

1. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners Association and will vary between 0% and 5% in any given year.

EXHIBIT G: SPECIAL BENEFIT APPORTIONMENT METHOD

As previously discussed the two benefit zones receive varying levels of service based on each zone's demand for services. The State Law and State Constitution Article XIIIID require that special assessments be levied according to the special benefit each individual assessed parcel receives from the improvements. In order to match assessment rates to benefits, two benefit zones have been created within the District. Zone Two will receive greater benefit in the form of a higher frequency of cleaning, and graffiti services and property owners in Zone Two will pay a higher assessment rate. Zone One properties, because of less pedestrian activity, require less cleaning services in order to maintain a level of cleanliness consistent with Zone Two and provide a consistent level of cleanliness throughout the District therefore Zone One properties will pay a lower assessment rate. In order to allocate the cost of each zone to the parcels within that zone for the special benefits received we use the assessable square footages for each parcel within each zone; shown below.

Benefit Zone	Assessable Sq. Ft.
Zone One	39,238,353
Zone Two	24,384,825
TOTAL	63,623,178

A portion of the Downtown Center Business Improvement District activities and improvements are shared by both Zones One and Two and that share of the budget is allocated to both zones. Additional clean and safe programs are specific to Zone One and Zone Two and each zone's share of that budget allocation is allocated to the appropriate zone.

Budget Distribution	Zone One	Zone Two	TOTAL
Clean & Safe	\$1,596,521	\$1,519,006	\$3,115,527
Economic Dev/Marketing	\$1,022,999	\$ 633,437	\$1,656,436
Management/City Fee/ Slow	\$ 649,543	\$ 402,194	\$1,051,737
Special Projects	\$ 80,287	\$ 49,713	\$130,000
Total	\$3,349,349	\$2,604,351	\$5,953,700

Based upon the methodology as set forth above, first year assessments per assessable square foot are shown below:

Budget Allocation	Calculation	Zone One	Zone Two
Zone One	\$3,349,349/39,238,353 sq.ft. =	\$0.08535906	
Zone Two	\$ 2,604,351/24,384,825 sq. ft. =		\$0.10680212

For example, to calculate the assessment for a parcel in Zone One with 100,000 assessable square feet: assessable square footage x Zone One assessment rate = the total annual parcel assessment.

$$(100,000 \times \$0.08535906 = \$8,535.91 \text{ annual parcel assessment})$$

The assessment for each parcel is calculated in the same manner as the example above, respective of each benefit zone and assessment rate.

Budget Adjustment

Any annual budget surplus will be rolled into the following year's District budget. The budget will be set accordingly, within the constraints of the management plan to adjust for surpluses that are carried forward. Funds from an expired District shall be rolled over into the new District if one is established, or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable commercial footage for parcels included and assessed within the District boundaries. The modification of parcel improvements assessed within the District may then change upwards or downwards the amount of total footage assessment for these parcels. New structure assessments will be prorated to the date they receive the temporary and/or permanent certificate of occupancy.

In future years, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report provided the assessment rate does not change. If the assessment formula changes and increases assessments then a Proposition 218 ballot will be required for approval of the formula changes.

EXHIBIT H: ASSESSMENT ROLL

The total assessment amount for 2013 is \$5,953,700 apportioned as follows:

APPN	Site Address	ZONE	Assessable Sq footage	Owner Group	2013 Asmt	%

ENGINEER'S STATEMENT

This Report is prepared pursuant to Article XIIIID of the California State Constitution (Proposition 218) and the State of California Property and Business Improvement District Law of 1994 as amended.

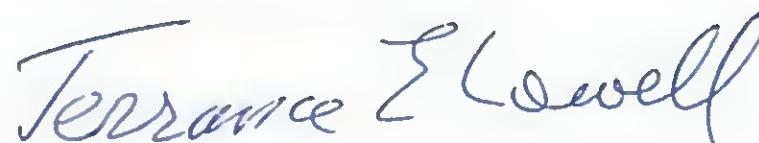

The Downtown Center Property-Based Business Improvement District ("PBID") will provide activities either currently not provided or are above and beyond what the City of Los Angeles provides. These activities will specially benefit each individual assessable parcel in the PBID. Every individual assessed parcel within the PBID receives special benefit from the activities identified under Section B of this Report. Only those individual assessed parcels within the PBID receive the special benefit of these proposed activities; parcels contiguous to and outside the PBID and the public at large may receive a general benefit, as outlined in Section E. The cost to provide general benefits, if any, will be funded from sources other than special assessments.

The duration of the proposed PBID is ten (10) years, commencing January 1, 2018. An estimated budget for the PBID improvements and activities is set forth in Section D. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners' Association. Assessment increases must stay between 0% and 5% in any given year. Funding for the PBID improvements and activities shall be derived from a property-based assessment of each specially benefitted parcel in the PBID. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the service and the assessment for each parcel is set forth in Section F.

I hereby certify to the best of my professional knowledge that each of the identified assessable parcels located within the PBID will receive a special benefit over and above the benefits conferred to those parcels outside of the PBID boundary and to the public at large and that the amount of the proposed special assessment is proportional to, and no greater than the special benefits received.

Respectfully submitted,

A handwritten signature in blue ink that reads "Terrance E. Lowell".

Terrance E. Lowell, P.E.

SECTION A: LEGISLATIVE AND JUDICIAL REVIEW

Property and Business Improvement District Law of 1994

The Property and Business Improvement District Law of 1994 (the "State Law") is the legislation that authorizes the City to levy assessments upon real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the PBID. The purpose of the PBID is to encourage commerce, investment, and business activities. Office parcels benefit from the District programs which increase pedestrian foot traffic and provide an enhanced sense of safety, cleanliness, and a positive user experience. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Cultural parcels benefit from District programs that work to provide greater pedestrian traffic, a positive user experience, and an opportunity to increase attendance. Religious parcels benefit from District programs that work to provide a better pedestrian experience and an enhanced sense of safety which provides an opportunity to increase attendance. Parking parcels benefit from District programs which work to provide an enhanced business climate, new business attraction, business retention, District investment, and increased sales all of which work to draw more users and cars to the District. Publicly-owned transit parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced sense of safety and a positive user experience which increase ridership. Publicly-owned library parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which translates into fulfilling their public service mission. Publicly-owned park parcels benefit from District programs that work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and positive user experience which translates into fulfilling their public service mission. Publicly-owned office building parcels, many of which are office buildings, benefit from District programs which work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and a positive user experience which all work to increase the ability to attract and retain employees for the offices and agencies that occupy the building and enable the offices and agencies to better fulfill their public service mission. District programs additionally enhance the business climate, new business attraction, business retention and business investment that work to provide an enhanced work environment and increase publicly-owned buildings ability to attract and retain employees. Residential and mixed-use residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn enhances the business climate and improves the business offering and attracts new residents, businesses and District investment.

In order to meet these goals PBIDs typically fund activities and improvements, such as, enhanced safety and cleaning. Unlike other assessment districts which fund the construction of public capital improvements or maintenance thereof, PBIDs provide activities and improvements "to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts." (Streets and Highways Code Section 36601(b)). The improvements and activities funded through the PBID are over and above those already provided by the City within the PBID's boundaries. Each of the PBID activities or improvements is intended to increase building occupancy and lease rates, to encourage new business development, attract businesses that benefit the parcels, and improve the economic vitality of parcels.

Specifically, the State Law defines "Improvements" and "Activities" as follows:

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years...¹

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.
- (b) Furnishing of music in any public place within the district.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing safety, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
- (f) Activities which benefit businesses and real property located in the district.²

Article XIIID of the State Constitution

In 1996, California voters approved Proposition 218, codified in part as Article XIIID of the State Constitution. Among other requirements, Article XIIID changes the way local agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

- (a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.
- (b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California.³

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."⁴

Judicial Guidance

Since the enactment of Article XIIID, the courts have rendered opinions regarding various aspects of Article XIIID. The notable portions of cases that apply to assessment districts in general and this Downtown Center PBID in particular are noted below.

"The engineer's report describes the services to be provided by the PBID [i.e. the PBID]; (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the PBID. And they are

¹ California Streets and Highways Code, Section 36610.

² California Streets and Highways Code, Section 36613.

³ Section 4, Article XIIID of the State Constitution.

⁴ Section 2 (i), Article XIIID of the State Constitution.

particular and distinct benefits to be provided only to the properties within the PBID, not to the public at large—they ‘affect the assessed property in a way that is particular and distinct from [their] effect on other parcels and that real property in general and the public at large do not share.’⁵

“...separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits.”⁶

“...the agency must determine or approximate the percentage of the total benefit conferred by the service or improvement that will be enjoyed by the general public and deduct that percentage of the total cost of the service or improvement from the special assessment levied against the specially benefitted property owners.”⁷

“...even minimal general benefits must be separated from special benefits and quantified so that the percentage of the cost of services and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties.”⁸

The contents of this Engineer's Report are prepared in compliance with the above noted authorizing legislation, the State Constitution and the judicial opinions.

SECTION B: IMPROVEMENTS AND ACTIVITIES

The Downtown Center PBID Steering Committee collectively determined the priority for improvements and activities that the PBID will deliver. The primary needs as determined by the property owners are Clean and Safe programs as well as Economic Development and Marketing activities. Specifically, the Downtown Center PBID shall provide the following activities.

CLEAN and SAFE

Safe Team Program

The Safety Program will provide security services for the individual assessed parcels located within the District in the form of patrolling bicycle personnel, nighttime vehicle patrol and downtown ambassadors. Both Zones One and Two receive the same level of safe services. The purpose of the Safe Team Program is to prevent, deter and report illegal activities taking place on the streets, sidewalks, storefronts, parking lots and alleys. The presence of the Safe Team Program is intended to deter such illegal activities as public urination, indecent exposure, trespassing, drinking in public, prostitution, illegal panhandling, illegal vending, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will only provide its services to assessed properties within the District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates, residential serving businesses and customer usage. A District that is perceived to be unsafe deters pedestrian and commercial activity.

Office parcels benefit from the District programs which increase pedestrian foot traffic and provide an enhanced sense of safety, cleanliness, and a positive user experience. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Cultural parcels benefit from District programs that work to provide greater pedestrian traffic, a positive user experience, and an opportunity to increase attendance. Religious parcels benefit from District programs that work to provide a better pedestrian experience and an enhanced sense of safety which provides an opportunity to increase attendance. Parking parcels benefit from District programs which work to provide an enhanced business climate, new business attraction, business retention, District investment, and increased sales all of which work to draw more users and cars to the District. Publicly-owned transit parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced sense of safety and a positive user experience which increase ridership. Publicly-owned library parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which translates into fulfilling their public service mission. Publicly-owned park parcels benefit from District programs that work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and positive user experience which translates into fulfilling their public service mission. Publicly-owned office building parcels, many of which are office buildings, benefit from District programs which work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and a positive user experience which all work to increase the ability to attract and retain employees for the offices and agencies that occupy the building and enable the offices and agencies to better fulfill their public service mission. District programs additionally enhance the business climate, new business attraction, business retention and business investment that work to provide an enhanced work environment and increase publicly-owned buildings ability to attract and retain employees.

Residential and mixed-use residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn enhances the business climate and improves the business offering and attracts new residents, businesses and District investment.

Clean Program

In order to consistently deal with cleaning issues, the Downtown Center Business Improvement District Cleaning Program will continue the work that began in 1998. Basic cleaning services, such as trash pickup and removal from the District, landscape service, equipment expense and management are delivered to both Zones One and Two. Additional cleaning services will be provided to both Zone One and Zone Two to meet the specific needs of each zone. Zone One will receive approximately 200 additional hours above the baseline level of sidewalk sweeping, sidewalk cleaning and graffiti removal. Zone Two will receive approximately 625 additional hours above the baseline level of sidewalk sweeping, sidewalk cleaning and graffiti removal. The clean program budget for each zone can be found in the chart in Section F, page 24.

In order to consistently deal with cleaning issues, a multi-dimensional approach has been developed consisting of the following elements.

Sidewalk Cleaning: Uniformed, radio equipped personnel sweep litter, debris and refuse from sidewalks and gutters of the District. District personnel may pressure wash the sidewalks. Clean sidewalks support an increase in commerce and provides a special benefit to each individually assessed parcel in the District.

Trash Collection: Collector truck personnel collect trash from sidewalk trash receptacles as needed. They are also dispatched to collect stolen shopping carts and large bulky items illegally dumped in the District.

Graffiti Removal: District personnel remove graffiti by painting, using solvent and pressure washing. The District maintains a zero tolerance graffiti policy. An effort is made to remove all tags within 24 hours on weekdays.

Landscape: Landscape improvement and street tree trimming are important programs that work to attract increased customers to the District. A well landscaped district supports an increase in commerce and provides a special benefit to each individually assessed parcel in the District.

The clean team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. Dirty and unclean sidewalks deter pedestrians and commercial activity.

Office parcels benefit from the District programs which increase pedestrian foot traffic and provide an enhanced sense of safety, cleanliness, and a positive user experience. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Cultural parcels benefit from District programs that work to provide greater pedestrian traffic, a positive user experience, and an opportunity to increase attendance. Religious parcels benefit from District programs that work

to provide a better pedestrian experience and an enhanced sense of safety which provides an opportunity to increase attendance. Parking parcels benefit from District programs which work to provide an enhanced business climate, new business attraction, business retention, District investment, and increased sales all of which work to draw more users and cars to the District. Publicly-owned transit parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced sense of safety and a positive user experience which increase ridership. Publicly-owned library parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which translates into fulfilling their public service mission. Publicly-owned park parcels benefit from District programs that work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and positive user experience which translates into fulfilling their public service mission. Publicly-owned office building parcels benefit from District programs which work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and a positive user experience which all work to increase the ability to attract and retain employees for the offices and agencies that occupy the building and enable the offices and agencies to better fulfill their public service mission. District programs additionally enhance the business climate, new business attraction, business retention and business investment that work to provide an enhanced work environment and increase publicly-owned buildings ability to attract and retain employees. Residential and mixed-use residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn enhances the business climate and improves the business offering and attracts new residents, businesses and District investment.

ECONOMIC DEVELOPMENT/MARKETING

In order to communicate the changes that are taking place in the Downtown Center Business Improvement District and to enhance the positive perception of the Downtown Center District parcels, a professionally developed marketing, communication and economic development program has been created. This is a benefit to the District because it works to improve the positive perception of the District. Decisions on where to shop, eat and even go to school are largely based on a perception of the place. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce. The special benefit to residential and mixed-use residential parcels is increased occupancy rates and an increase in residential serving businesses such as restaurants and retail stores. Publicly-owned parcels, such as the library and park will receive special benefit from increased use which directly relates to fulfilling their public service mission. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity.

Office parcels benefit from the District programs which work to increase exposure and awareness of District amenities such as retail and transit options which in turn increase pedestrian foot traffic and a positive user experience. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Cultural parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, a positive user experience, and an opportunity to increase attendance. Religious parcels benefit from increased exposure and awareness of District programs that work to attract pedestrians which provides an opportunity to increase attendance. Parking parcels benefit from District programs which work to increase exposure and awareness of District amenities such as retail and

office which in turn provide an enhanced business climate, new business attraction, business retention, District investment, and increased sales all of which work to draw more users and cars to the District. Publicly-owned transit parcels benefit from greater awareness of businesses and offerings that work to provide greater pedestrian traffic and a positive user experience which increase ridership. Publicly-owned library parcels benefit from District programs which increase exposure and awareness of District amenities which in turn work to provide greater pedestrian traffic and increased use which translates into fulfilling their public service mission. Publicly-owned park parcels benefit from District programs that increase exposure and awareness which in turn work to increase pedestrian foot traffic and positive user experience which translates into fulfilling their public service mission. Publicly-owned office building parcels benefit from District programs which work to increase exposure and awareness of District amenities which in turn increase pedestrian foot traffic and a positive user experience which all work to increase the ability to attract and retain employees for the offices and agencies that occupy the building and enable the offices and agencies to better fulfill their public service mission. District programs additionally enhance the business climate, new business attraction, business retention and business investment that work to provide an enhanced work environment and increase publicly-owned buildings ability to attract and retain employees. Residential and mixed-use residential parcels benefit from District programs that provide an increased awareness of District amenities such as retail and transit options which in turn enhances the business climate and improves the business offering and attracts new residents, businesses and District investment.

The following are some of the programs and projects that have been implemented and are planned.

Marketing Collateral

- Downtown Center Brokers Program
- Outlying Brokers Program
- Investment Media Relations

- Trade Show Marketing
- Property Managers Program
- Property Database Development/Update
- Property Marketing Material
- Economic Studies and Planning
- Downtown Center Residential Development Programs

MANAGEMENT/CITY FEES/RESERVE

The improvements and activities are managed by a professional staff that requires centralized management support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works and advocates on behalf of the District parcels to ensure that City and County services and policies support the District. Included in this item are office expenses, professional services, organizational expenses such as insurance, the cost to conduct a yearly financial review, City fees to collect and process the assessments, a reserve for uncollectible assessments and depreciation.

A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs. Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

SECTION C: BENEFITTING PARCELS

Overall Boundary

The overall boundary in the proposed new District is the same as the boundary in the current District. The Downtown Center Business Improvement District includes all property within a boundary formed by:

Northern Boundary. The Northern boundary begins at the intersection of the 110/Harbor Freeway and 1st Street. Head east on 1st Street to the intersection with Los Angeles Street. All parcels on the south side of 1st Street are included in the District.

Eastern Boundary. The Eastern boundary begins at the intersection with the Northern boundary at Los Angeles Street. Turn south along Los Angeles Street to the intersection with 2nd Street. At 2nd Street turn west to an intersection with the east parcel line of the parcel facing on the east side of Main Street. Proceed south following the east parcel line of property facing on the east side of Main Street from 2nd Street to 4th Street, at 4th Street proceed west along the center of 4th Street to the intersection of the east parcel line of the parcel on the south east corner of 4th Street and Hill Street. From 4th Street to 8th Street the Eastern boundary follows the east parcel line of property facing on the east side of Hill Street, from 8th Street to Olympic Boulevard. The Eastern boundary is the center of Hill Street, to the intersection of with the Southern Boundary at Olympic Boulevard.

Southern Boundary. The Southern boundary begins at the intersection with the Eastern boundary the Southern boundary is the center of Olympic Boulevard to Flower Street. At Flower Street the boundary proceeds north to 9th Street along the center of Flower Street. At 9th Street the boundary proceeds west to the 110/Harbor Freeway along the center of 9th Street.

Western Boundary. The Western Boundary begins at the intersection with the Southern boundary at Olympic Boulevard, the Western boundary from Olympic Boulevard to 9th Street is the center of Flower Street. From 9th Street to 1st Street the Western boundary is the 110/Harbor Freeway.

District Boundary Rationale

The property uses within the general boundaries of the Downtown Center Business Improvement District are a mix of office, retail, cultural, religious, parking, publicly-owned transit, publicly-owned library, publicly-owned parks, publicly-owned office building, residential and mixed-use residential. Services and improvements provided by the District are designed to provide special benefits in the form of improving the economic vitality by increasing building occupancy and lease rates, encouraging new business development, attracting residential serving businesses and services, and encouraging commerce.

Office parcels benefit from the District programs which increase pedestrian foot traffic and provide an enhanced sense of safety, cleanliness, and a positive user experience. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Cultural parcels benefit from District programs that work to provide greater pedestrian traffic, a positive user experience, and an opportunity to increase attendance. Religious parcels benefit from District programs that work

to provide a better pedestrian experience and an enhanced sense of safety which provides an opportunity to increase attendance. Parking parcels benefit from District programs which work to provide an enhanced business climate, new business attraction, business retention, District investment, and increased sales all of which work to draw more users and cars to the District. Publicly-owned transit parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced sense of safety and a positive user experience which increase ridership. Publicly-owned library parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which translates into fulfilling their public service mission. Publicly-owned park parcels benefit from District programs that work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and positive user experience which translates into fulfilling their public service mission. Publicly-owned office building parcels benefit from District programs which work to increase pedestrian foot traffic, provide an enhanced sense of safety, cleanliness and a positive user experience which all work to increase the ability to attract and retain employees for the offices and agencies that occupy the building and enable the offices and agencies to better fulfill their public service mission. District programs additionally enhance the business climate, new business attraction, business retention and business investment that work to provide an enhanced work environment and increase publicly-owned buildings ability to attract and retain employees. Residential and mixed-use residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn enhances the business climate and improves the business offering and attracts new residents, businesses and District investment.

All of the services provided such as the security work provided by the Safe Team and the cleaning work provided by the Clean Team are services that are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District because of the unique nature of these services focusing on the particular needs of each assessed property within the District. These services provide particular and distinct benefits to each of the assessed parcels within the District.

In order to ensure that parcels outside of the District will not specially benefit from the improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning / sanitation personnel, and similar service providers employed in connection with the District will only patrol and provide services to assessed parcels within the District, and will not provide services outside of District boundaries. District promotional efforts will aggressively promote and emphasize activities that benefit individual assessed parcels only within District boundaries.

Northern Boundary: Property north of 1st Street is predominately dominated by large government uses including the Los Angeles Department of Water and Power, Los Angeles County Court, Los Angeles County Hall of Records, Los Angeles County Criminal Courts and the Los Angeles City Hall. These large parcels north of 1st Street are predominantly zoned "Public Facilities" and will not receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. The property south of 1st Street is predominately in private ownership, predominantly zoned "Commercial" and will receive special benefits from the District services which are designed to provide special benefits to the office, retail, cultural, religious, parking, publicly-owned transit, publicly-owned library, publicly-owned parks, publicly-owned office building, residential and mixed-use residential parcels. In order to ensure that parcels outside of the District will not specially benefit from the

unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Eastern Boundary: The eastern boundary of the Downtown Center Business Improvement District abuts the western boundary of several established business improvement districts. From north to south the Downtown Center Business Improvement District abuts the Little Tokyo BID, the Historic Downtown BID and the Fashion District BID. All of these BIDs provide improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From 3rd Street to 6th Street on the eastern border the area abutting the Downtown Center District was formerly the Toy District Business Improvement District. The parcels in the former Toy District are predominantly wholesale in nature and will not receive special benefits from the District services which are designed to provide special benefits to the office, retail, cultural, religious, parking, publicly-owned transit, publicly-owned library, publicly-owned parks, publicly-owned office building, residential and mixed-use residential parcels. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Southern Boundary: The southern boundary of the Downtown Center Business Improvement District abuts the northern boundary of the South Park BID from the Harbor 110 Freeway to Grand Avenue. The South Park BID provides improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From Grand Avenue to Broadway the southern boundary abuts an area that is the South Park II Business Improvement District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

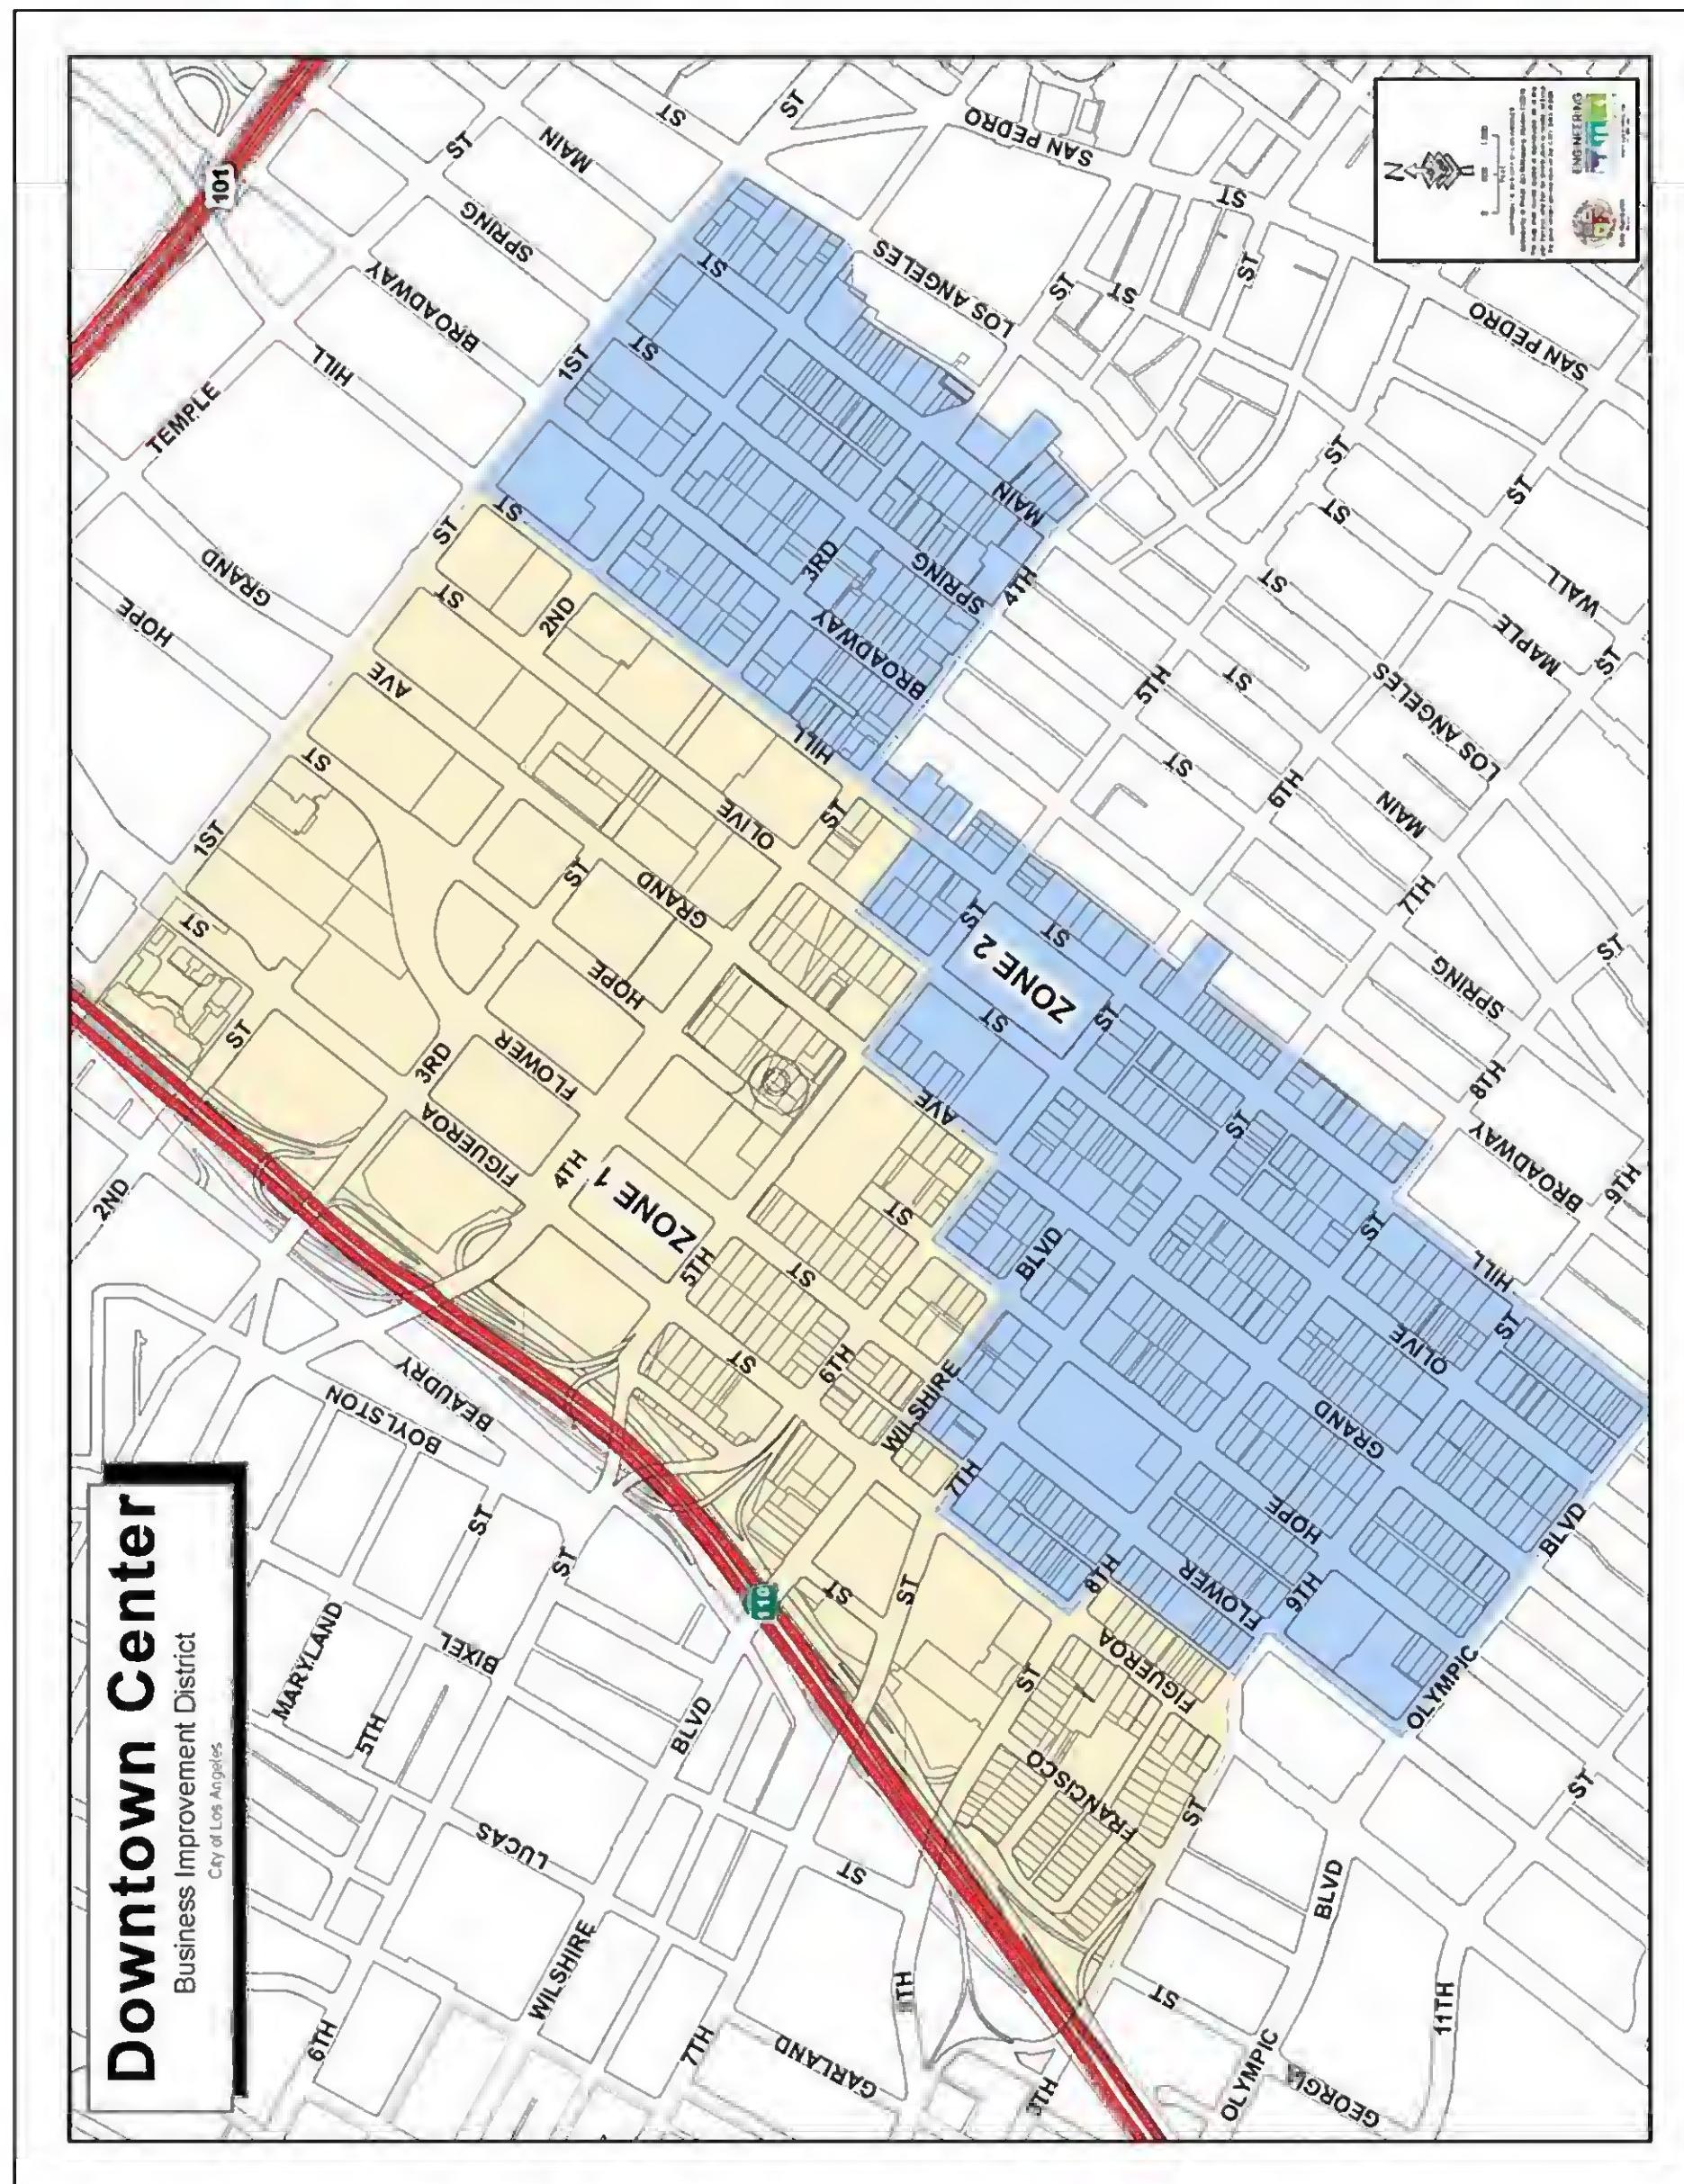

Western Boundary: The western boundary of the Downtown Center Business Improvement District is the 110/Harbor Freeway. The Freeway acts as a barrier on the western boundary separating the parcels within the District from those outside of the District. The Freeway acts as a barrier to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual parcels within the boundaries of the District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Benefit Zones

Zone One Is defined as all parcels within a boundary formed by 1st Street on the north. The 110/Harbor Freeway on the west. The Eastern boundary is the center of Hill Street from 1st Street to midway between 4th Street and 5th Street. From midway between 4th Street and 5th Street the Eastern boundary is the center of Olive Street. From 5th Street to 6th Street the Eastern boundary is the center of Grand Avenue. From 6th Street to Wilshire Boulevard the Eastern boundary is the center of Hope Street. From Wilshire Boulevard to 9th Street the Eastern boundary is the west parcel line of property facing on the west side of Flower Street. The Southern boundary of Zone One between Hill Street and Olive Street is the south property line of the parcel midblock between 4th Street and 5th Street. The southern boundary between Olive Street and Grand Avenue is the center of 5th Street. The Southern boundary between Grand Avenue and Hope Street is the center of 6th Street. The Southern boundary between Hope Street and Flower Street is Wilshire Boulevard. The Southern Boundary between Flower Street. and the Harbor/110 Freeway is 9th Street.

Zone Two. Zone Two is defined as all parcels within a boundary formed by 1st Street on the north from Hill Street to Los Angeles Street. The Eastern boundary of Zone Two is the Eastern boundary of the District. The Southern boundary of Zone Two is Olympic Boulevard from Hill Street to Flower Street and 9th Street from Flower Street to the first alley west of Flower Street. The Western boundary of Zone Two begins at the intersection of 9th Street and the first alley west of Flower Street. Turn north along the center of the alley to 8th Street. At 8th Street turn west along 8th Street to Figueroa Street. At Figueroa Street turn north to 7th Street. At 7th Street turn east to the intersection with the first alley east of Figueroa Street. Turn north along the middle of the alley to Wilshire Boulevard. Turn east on Wilshire Boulevard to Hope Street. Turn north on Hope Street to 6th Street. At 6th Street turn east to Grand Avenue. At Grand Avenue turn north to 5th Street. At 5th Street turn east to Olive Street. Turn north on Olive Street to midway between 5th Street and 4th Street turn east to Hill Street. At Hill Street turn north to 1st Street.

See map on following page for District and Benefit Zone boundaries.

SECTION D: PROPORTIONAL BENEFITS

Methodology

Article XIID Section 4(a) of the State Constitution states that "The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of the public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed improvements, services, and activities is the result of a four-step process:

1. Defining the proposed activities,
2. Determining which parcels specially benefit from the proposed activities,
3. Determining the amount of special benefit each parcel receives,
4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the PBID receive.

Each identified parcel within the Downtown Center PBID will be assessed based upon each parcel's unique characteristics in relationship to all other specially benefitted parcels' characteristics. Due to the proportionate special benefits received by each parcel from the PBID services, each parcel will be assessed a rate which is commensurate with the amount of special benefits received.

Special Benefit Factor

The methodology to levy assessments upon real property that receives special benefits from the improvements and activities of the Downtown Center Business Improvement District is Assessable Square Footage. Assessable Square Footage is the total of gross building square footage and/or when applicable, land square footage, plus applicable, assessable parking square footage for each parcel.

Services and improvements provided by the District are designed to provide special benefits to the retail, cultural, religious, parking, office, publicly-owned transit, publicly-owned library, publicly-owned parks, publicly-owned office, residential and mixed-use residential parcels. The best way to determine each parcels proportionate special benefit from the District programs is to relate each parcel's building square footage to every other parcel's building square footage, and/or when applicable, land square footage, plus applicable, assessable parking square footage for each parcel.

- 1.) **Assessable Square Footage** is the total of gross building square footage and/or when applicable, land square footage, plus applicable, assessable parking square footage for each parcel.

Assessable Square Footage Defined. Assessable square footage is defined as follows:

Gross Building Square Footage will be the primary measure of assessable square footage. Parcels with non-parking building improvements will receive the most direct special benefit from Downtown Center Business Improvement District improvements and activities.

2.) Gross Square Footage of Parking: Because parking structures and lots are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses receive a differing level of special benefit from Downtown Center Business Improvement District improvements and activities. Parking uses will be subject to one of the following methodologies:

- A. Parking square footage that is owned by the same owner as a building and the primary use of the parking is dedicated to the building will be assessed with one of the following methodologies:
 1. If the parking square footage is integrated within the building (under, over, or within), this square footage will be excluded from the calculation of building square footage, when determining building assessments. This parking requires no additional District services and receives no special benefit.
 2. Parking square footage that meets all of the following four criteria will be excluded from the calculation of building square footage when determining building assessments. This parking requires no additional District services and receives no special benefit.
 - a. attached to a building; and
 - b. has the same ownership as the building and;
 - c. is on the same parcel as the building
 - d. has less square footage than the building.
 3. Non-integrated/non-attached structured parking and/or surface parking with the:
 - a. same ownership as a building and;
 - b. with the primary use of its parking dedicated to the building

requires less District services than a building and will receive a differing level of special benefit than a building, will be assessed on land square footage only. Each parcel pays 100% of the special benefit derived by the individual parcel. Non-integrated structured parking need not be adjacent to the building which uses a majority of its parking, but must be within one thousand feet of the property owner's primary building, related to this structure. The one thousand feet will be measured from the closest parcel lines of the building parcel and parking structure parcel.

For example, the parking structure could be across the street from the primary building.

- B. Parking square footage that does not have the same ownership as a building will be assessed with one of the following methodologies:
 1. Non-integrated structured parking with ownership different than any building that may use a majority of the parking, will be assessed on land square footage, plus half of the parking structure building square footage. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users, requires District services and receives more special

benefits than parking that primarily serves a single building, but less services and less special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses, by comparison, receive less District services. Each parcel pays 100% of the special benefit derived by the individual parcel.

2. Independent stand-alone structured parking that does not have a majority of its parking dedicated to any one building will be assessed on land square footage, plus half of the parking structure building square footage. Non-integrated structured parking with separate ownership, because of its commercial nature and diversity of users, requires District services and receives more special benefits than parking that primarily serves a single building, but less services and less special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses by comparison, receive less District services. Each parcel pays 100% of the special benefit derived by the individual parcel.
- C. Integrated structured parking that meets all of the following four criteria will be assessed on building square footage, plus 50% of the parking structure building square footage.
 1. Integrated within the building; and
 2. has the same ownership as the building and;
 3. is on the same parcel as the building and;
 4. has more parking building square footage than building square footage not used for parking

Integrated structured parking, with the same ownership but, has more parking building square footage than building square footage not used for parking because of its commercial nature and diversity of users, requires District services and receives more special benefits than parking that primarily serves a single building, but less services and less special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses, by comparison, receive less District services. Each parcel pays 100% of the special benefit derived by the individual parcel.

- D. Surface parking will be assessed on land square footage.

3.) Vacant or Undeveloped Land:

- A. Vacant/Undeveloped land will be assessed on land square footage.

The new structure square footage will be assessed when the building receives a certificate of occupancy. New structure assessments for the current fiscal year will be prorated to the date they receive the certificate of occupancy.

SECTION E: SPECIAL and GENERAL BENEFITS

State Law, Proposition 218, and judicial opinions require that assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements. Article XIIIID Section 4(a) of the California Constitution in part states that "only special benefits are assessable," which requires that we separate the general benefits, if any, from the special benefits provided by the proposed activities and improvements.

As of January 1, 2015, the State Legislature amended the State Law to clarify and define both special benefit and general benefit as they relate to the improvements and activities these districts provide. Specifically, the amendment (Section 36615.5 of the Streets and Highways Code) defines special benefit as follows: "'Special benefit' means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed."

In addition, the amendment (Section 36609.5 of the Streets and Highways Code) defines general benefit as follows: "'General benefit' means, for purposes of a property-based district, any benefit that is not a 'special benefit' as defined in Section 36615.5."

Furthermore, the amendment (Section 36601(h)(2)) states: "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."

Special Benefit Analysis

All special benefits derived from the assessments outlined in this Report are for property-related activities that are specifically intended for and directly benefiting each individual assessed parcel in the PBID. The special benefit must affect the individual assessable parcel in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large do not share. No parcel's assessment shall be greater than the special benefits received.

Streets and Highways Code Section 36601(e) states that "Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits: (1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied. (2) Job creation. (3) Business attraction. (4) Business retention. (5) Economic growth. (6) New investments."

The Downtown Center PBID's goal is to fund activities and improvements to provide a cleaner, safer and more attractive and economically vibrant environment as outlined in Section B. The goal

of improving the economic vitality is to improve the safety, cleanliness, appearance, and economic development of each individual specially benefitted parcel in an effort to increase commerce, to increase building occupancy and lease rates and to attract more customers, employees, tenants and investors. The goal for publicly-owned parcels is to increase use of each parcel which directly relates to fulfilling their public service mission.

Parcels specially benefit from any of the following:

- Cleaner sidewalks, streets and common areas
- Real and perceived public safety improvements
- Greater pedestrian traffic
- Enhanced rental incomes
- Improved business climate
- New business and investment
- Well managed BID programs and services

Specifically, each parcel benefits from each of the PBID activities as defined below.

Safe

The enhanced safety activities make the area more attractive for businesses, customers, and residents, and ultimately private investment. When business location decisions are made, "lower levels of public safety lead to increased uncertainty in decision making and can be perceived as a signal of a socio-institutional environment unfavorable for investment." Uncertainty affects the investment environment in general. But in particular, it increases the fear of physical damage to investment assets (or to people) or their returns...Almost universally, places with lower crime rates are perceived as more desirable.⁹ Once economic investment occurs within the district, pedestrian traffic and commercial activity will increase. The special benefit to assessed parcels from these services is the likelihood of increased lease rates and tenant occupancy due to the increase of commercial activity and an increase in customers that follow from having a safer environment.

In addition, each specially benefitted parcel benefits from: increased security patrol, removing graffiti from their buildings, connecting the homeless to available resources, reducing the number of trips and falls by repairing the grout in the sidewalks in front of their parcel, picking up trash that pedestrians leave behind, and power washing their sidewalks.

Clean

The cleaning activities benefit each assessed parcel within the Downtown Center PBID by providing a clean and aesthetically appealing environment. This is achieved through sidewalk sweeping and power washing, removing litter and graffiti, trash removal, landscaping and tree lighting. These activities create the environment needed to achieve the PBID goals. Sidewalks that are dirty and unclean deter pedestrians and commercial activity.

⁹ "Accelerating economic growth and vitality through smarter public safety management" IBM Global Business Services Executive Report, September 2012, pg. 2

Economic Development and Marketing

These activities are tied to and will specially benefit each individual assessed parcel by encouraging business development and investment that generates customer traffic, which directly relates to increases in commercial activity, filling of vacant storefronts and offices and ultimately, increased lease rates for retail and office space. This is a benefit to the District because it works to improve the positive perception of the District. Decisions on where to shop, eat, work, and live are largely based on a perception of the place.

Special Benefit Conclusion

Based on the special benefits each assessed parcel receives from the PBID activities we conclude that each of the proposed activities provides special benefits to the real property within the district and that each parcel's assessment is in direct relationship to and no greater than the special benefits received.

The special benefit to parcels from the proposed PBID activities and improvements described in this Report are equal to or exceeds the total amount of the proposed assessment. Each individual assessed parcel's assessment is no greater than the special benefit it receives from the PBID activities.

General Benefit Analysis

As required by the State Constitution Article XIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the PBID activities and improvements that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other parcels receive. This analysis will evaluate and determine the level of general benefits that (1) parcels inside of the Downtown Center PBID, (2) parcels outside of the PBID, and (3) the public at large may receive.

General Benefit to Parcels Inside of the Downtown Center PBID

The Downtown Center PBID provides funds for activities and improvements that are designed and created to provide special benefits to each individually assessed parcel within the District. Each individual assessed parcel will specially benefit from the cleaner and safer public rights-of-way and increased economic activity, thus 100% of the benefits conferred on these parcels are distinct and special in nature and that 0% of the PBID activities provide a general benefit to parcels in the District boundary.

General Benefit to Parcels Outside of the Downtown Center PBID

All the PBID activities and improvements are provided solely for each of the individual assessed parcels in the PBID boundary. None of the surrounding parcels will directly receive any of the PBID activities. However, it is conceivable to conclude that some parcels outside of the PBID boundary may receive some spillover benefit from the Clean and Safe activities.

In the case of the PBID, the parcels considered outside of the PBID's boundary that may receive a general benefit are those parcels that are immediately adjacent to, or immediately across the street from where the PBID services are delivered, and not within the boundaries of another adjacent PBID/BBID. Parcels that are adjacent to the Downtown Center PBID and within another PBID/BBID boundary are already receiving special benefit from their PBID/BBID activities and

thus not generally benefitted from the Downtown Center PBID activities. The discussion below pertains strictly to those adjacent parcels that are not within an another PBID/BBID boundary.

In order to calculate the general benefit parcels adjacent to the Downtown Center PBID may receive, the percentage of each PBID activity budget attributed to these parcels must be determined. The table below shows the budgets for each of the PBID activities that may have spillover benefit and their respective percentage of the total PBID budget. We then need to apply a Relative Benefit factor to each of the activities accounting for the potential benefit parcels outside of the district may receive. The relative benefit factor is a basic unit of measure that compares the benefit that parcels within the District receive compared to parcels outside of the District. Since the parcels in the District boundary receive 100% of the special benefit they are assigned a relative benefit factor of 1.0 for each PBID activity. Since the parcels outside of the district boundary do not directly receive any PBID activity they are assigned a benefit factor less than 1.0 for each PBID activity.

In the case of the Downtown Center PBID, Economic Development/Marketing may have a greater spillover benefit than Clean and Safe in that the economic benefits of marketing may have a higher benefit to a parcel immediately adjacent to the PBID boundary. Therefore, based upon our experience, Economic Development/Marketing receives a relative benefit factor of 0.50 which we believe to be a conservative estimate. Clean and Safe may also have a spillover benefit in that parcels immediately adjacent to the PBID boundary may visually receive the effects of the PBID services, e.g. cleaner sidewalks, safety patrols, and buildings without graffiti. The relative benefit factor for Clean and Safe is less than for Economic Development/Marketing because effects of the safe and clean program can clearly be seen and are limited to District frontage adjacent to parcels outside the District. A visitor can clearly see the difference between parcels in the District and those outside. Based upon our experience the relative benefit factor for Clean and Safe is 0.25. The relative benefit factors are then multiplied by the PBID activity's budget percentage to determine the overall benefit factor. The following table illustrates this calculation.

PBID Activities Budget:	Percent of		Relative Benefit * =	Benefit Factor
	Budget	Total		
Budget for Clean and Safe:	\$3,956,094.79	58.54%	0.25	0.15
Budget for Economic Development/Marketing:	\$1,518,546.14	22.47%	0.50	<u>0.11</u>
TOTAL PBID Budget:	\$6,757,968.13			0.26

There are 13 parcels that are immediately adjacent to the Downtown Center PBID and not within another PBID boundary. These parcels are assigned a total benefit factor of 0.26 ($0.15 + 0.11$) to account for the fact that they may benefit from the Clean and Safe and Economic Development/Marketing activities that may encourage commerce not only within the PBID boundary but immediately adjacent to it.

In comparison, there are 2,865 parcels within the PBID boundary, all of which receive a benefit factor of 1.0 acknowledging that they receive 100% special benefit from the PBID activities. To calculate the general benefit percentage, the respective benefit factors must be applied to the number of parcels both within the PBID boundary and those that are outside of the PBID boundary. The table below shows the calculation for the general benefit percentage.

	No. of Parcels	Benefit Factor	Total Benefit Units
No. of parcels in District:	2865	1.00	2865.00
No. of parcels adjacent to district boundary not in other PBID	13	0.26	3.36
Total number of parcels	2878		2868.36

General Benefit to parcels outside of district boundary

0.12%

3.36/2868.36

This analysis indicates that \$6,418.95 or 0.12% of the budget allocated to Clean and Safe and Economic Development/Marketing may be attributed to general benefit to parcels outside of the PBID boundary, and must be raised from sources other than special assessments.

General Benefit to the Public At Large

In addition to general benefit analysis to the parcels inside and outside of the Downtown Center PBID boundary, there may be general benefits to the public at large, i.e., those people that are either in the PBID boundary and not specially benefitted from the activities, or people outside of the PBID boundary that may benefit from the PBID activities. In the case of the Downtown Center PBID, the public at large are those people that are within the PBID boundary that do not pay an assessment and do not specially benefit from the PBID activities.

To calculate the general benefit to the public at large may receive we determine the percentage of each PBID activity budget that may benefit the general public. In this case, the Clean and Safe activities may generally benefit the public as the general public may appreciate the enhanced level of maintenance and security as it passes through the Downtown Center PBID. The Economic Development and Marketing activities are tailored to benefit each parcel and are not intended to benefit the general public. If there are any public benefits, they are incidental and collateral to providing special benefits to the assessed parcels.

We then apply a Relative Benefit factor to the Clean and Safe activity accounting for the potential benefit the general public may receive. The relative benefit factor is a basic unit of measure that compares the benefit the general public receives compared to the special benefit the parcels receive from increased commerce generated by increased use from consumers that results from District programs and services that are designed to improve commerce for each specially benefiting parcel. Since the specially benefitted parcels and the related consumers receive 100% of the activities and special benefit it is assigned a relative benefit factor of 1.0 (100%) for this activity. The general public does not directly receive any District activity and thus, is assigned a relative benefit factor less than 1.0. There is no scientific method to determine the relative benefit factors, however in our professional experience of over 50 years as a Registered Civil Engineer and the results of previous studies conducted to determine a relative benefit factor for the general public in Los Angeles and other jurisdictions the general public receives a relative benefit factor of 0.025 (2.50%) for the Clean and Safe activity. Based on our professional experience and the results of previous studies, it is reasonable to conclude that this relative benefit factor properly accounts for the general public that is not specially benefitted.

The relative benefit factor is then multiplied by the District activity's budget percentage to determine the overall benefit factor. The following table illustrates this calculation.

ACTIVITY	A Budget Amount	B % of Budget	C General Benefit Factor	D General Benefit Percent (B x C)	E General Benefit Allocation (A x D)
Clean & Safe	\$3,956,095	58.54%	2.50%	1.4635%	\$57,897.16

This analysis indicates that \$57,897.16 of the Clean and Safe activities may be attributed to general benefit to the public at large, and must be raised from sources other than special assessments.

General Benefit Conclusion

Using the sum of the three measures of general benefit described above we find that \$64,316.11 (\$6,418.95 + \$57,897.16) or 0.95% of the total budget may be general in nature and will be funded from sources other than special assessments.

The total general benefit from the Downtown Center PBID activities as quantified above is summarized in the table below.

General Benefit	General Benefit, \$
Parcels Inside the District	\$0.00
Parcels Outside the District	\$6,418.95
Public At Large	\$57,897.16
TOTAL	\$64,316.11

SECTION F: COST ESTIMATE

2018 Operating Budget

The Downtown Center PBID's operating budget takes into consideration:

1. The improvements and activities needed to provide special benefits to each individual parcel within the Downtown Center PBID boundary (Section B),
2. The parcels that specially benefit from said improvements and activities (Section C), and
3. The costs associated with the special and general benefits conferred (Section E).

EXPENDITURES	Zone 1	Zone 2	TOTAL BUDGET	% of Budget
Clean & Safe	\$2,027,087.35	\$1,929,007.44	\$3,956,094.79	58.54%
Economic Dev/Marketing	\$920,445.45	\$598,100.69	\$1,518,546.14	22.47%
Management/City Fees/Slow Pay	\$777,870.79	\$505,456.41	\$1,283,327.20	18.99%
Total Expenditures	\$3,725,403.59	\$3,032,564.54	\$6,757,968.13	100.00%
REVENUES				
Assessment Revenues	\$3,692,448.27	\$3,001,203.75	\$6,693,652.02	99.05%
Other Revenues (1)	\$32,955.32	\$31,360.79	\$64,316.11	0.95%
Total Revenues	\$3,725,403.59	\$3,032,564.54	\$6,757,968.13	100.00%

(1) Other non-assessment funding to cover the cost associated with general benefit.

Budget Notation

1. The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. Assessments will be subject to an annual increase of up to 5% per year to address changes in the cost of providing services. The actual amount of increase will be determined by the Owners Association and will vary between 0% and 5% in any given year. Any change will be approved by the owner's association board of directors and submitted to the City within its annual planning report.

SECTION G: APPORTIONMENT METHOD

As previously discussed in Sections B and D, the PBID is segregated into two benefit zones with varying property types and benefit assessment factors. The table below summarizes each property type, its benefit assessment factor, and the assessment calculation.

Property Type	Assessment Factor	Calculation
Vacant, undeveloped property, surface parking lot	Land Square Footage	sq ft X [Zone Rate]
Parking – Completely integrated within a building	N/A	Not assessed
Parking – Attached, with same ownership & on same parcel	N/A	Not assessed
Parking – separated with same ownership of building within 1000 feet	Land Square Footage	sq ft X [Zone Rate]
Parking (structure)– separated with different ownership	Land Square Footage & 50% of Structure Square Footage	Land = sq ft X [Zone Rate] Structure = sq ft X .5 X [Zone Rate]
Commercial Property	Building Square Footage	Sq Ft X [Zone Rate]
Residential Property	Building Square Footage	Sq Ft X [Zone Rate]
Public Property	Building Square Footage	Sq Ft X [Zone Rate]

The table below identifies the assessable square footage within each benefit zone in order to calculate the assessment rate per benefit zone.

	Zone One	Zone Two
Assessable Square Footage	39,271,646	25,518,512

Calculation of Assessments

Based on the special benefit factors, assessable square footage and the proposed budget for each benefit zone, all of which are discussed above, the following table illustrates the first year's maximum annual assessment per parcel assessable square foot per each zone.

Zone 1 Assessment Rate	
Assessable Square Footage Assessment	\$0.09402326

Zone 1 Assessment Rate Calculation

The assessment rate is determined by the following calculation:

Total Assessment Budget zone 1 parcels \$3,692,448.27 / 39,271,646 Assessable Sq Ft = \$0.09402326 per assessable square foot.

Zone 1 Sample Parcel Assessment

To calculate the assessment for a parcel with 20,000 square feet of assessable square footage, multiple the assessable square footage (20,000) by the assessment rate (\$0.09402326) = the total annual parcel assessment (\$1,880.47).

Assessable Sq Ft (20,000)

Assessable Sq Ft (20,000) x Assessment Rate (\$0.09402326) = \$1,880.47 initial annual parcel assessment.

Zone 2 Assessment Rate	
Assessable Square Footage Assessment	\$0.11760888

Zone 2 Assessment Rate Calculation

The assessment rate is determined by the following calculation:

Total Assessment Budget zone 2 parcels \$3,001,203.75 / 25,518,512 Assessable Sq Ft = \$0.11760888 per assessable square foot.

Zone 2 Sample Parcel Assessment

To calculate the assessment for a parcel with 20,000 square feet of assessable square footage, multiple the assessable square footage (20,000) by the assessment rate (\$0.11760888) = the total annual parcel assessment (\$2,352.18).

Assessable Sq Ft (20,000)

Assessable Sq Ft (20,000) x Assessment Rate (\$0.11760888) = \$2,352.18 initial annual parcel assessment.

The assessment calculation is the same for every parcel in the Downtown Center PBID.

Public Property Assessments

The District will provide all the improvements and activities to the City of Los Angeles or any other government-owned parcels within the PBID boundary. Publicly-owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. Public owned parcels, such as the library and park will receive special benefit from District services that lead to increased use which directly relates to fulfilling their public service mission. District services also create a cleaner and safer environment for public employees. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity. There is a U.S. Federal government owned parcel within the Downtown Center PBID. The U.S. Federal government has declared that parcels owned by the U.S. Federal government are exempt from local property assessments pursuant to the Supremacy Clause of the U.S. Constitution. Because of the exemption, District services and programs, that would specially benefit this parcel, will not be provided and the assessment amount will be \$0. Below is a list of the publicly-owned parcels and their respective assessments.

APN	Site Address	Zone	Assessable SqFt	Legal Owner	2018 ASMT	%
5139-007-947	Corner of 9th and Hope	2	101495	CITY OF LOS ANGELES	\$11,936.71	0.18%

				Total Publicly-Owned Parcels	\$450,675.24	6.73%

Maximum Annual Assessment Adjustments

The cost of providing programs and services may vary depending on the market cost for the intended level of programs and services. Assessments may be subject to annual increases not to exceed the assessment rates in the table below for any given year. Increases will be determined by the District Owner's Association and will vary between 0% and 5% in any given year. Any change will be approved by the owner's association board of directors and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

The projections below illustrate a maximum 5% annual increase for all assessment rates.

	2018	2019	2020	2021	2022
Zone 1	\$0.09402326	\$0.09872442	\$0.10366064	\$0.10884368	\$0.11428586

Budget Adjustment

Any annual budget surplus will be rolled into the following year's District budget. The budget will be set accordingly, within the constraints of the management plan to adjust for surpluses that are carried forward. District funds may be used to fund the cost of renewing the District. Funds from an expired District shall be rolled over into the new District if one is established, or returned to the property owners if one is not established, in accordance with the Streets and Highways Code section 36671.

If an error is discovered on a parcel's assessed footages, the District may investigate and correct the assessed footages after confirming the correction with the L.A. County Assessor Data and City Clerk's office. The correction may result in an increase or decrease to the parcels assessment.

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The owner's association shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change will be approved by the owners' association board of directors and submitted to the City of Los Angeles within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel pays for 100% of the special benefit received based on the level of benefit received.

Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable footage for parcels included and assessed within the District boundaries. The modification of parcel improvements assessed within the District may then change upwards or downwards the amount of total footage assessment for these parcels, pursuant to Government Code 53750, will be prorated to the date they receive the temporary and/or permanent certificate of occupancy. Parcels that experience a loss of building square footage need to notice the District of changes.

In future years, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report provided the assessment rate does not change. If the assessment formula changes and increases assessments then a Proposition 218 ballot will be required for approval of the formula changes.

Assessment Appeal Procedure

Property owners may appeal assessments that they believe are inaccurate. Appeals must be in writing, stating the grounds for appeal and filed with the Owners Association prior to April 1 of each year. Appeals shall be limited to the current assessment year. Any appeal not filed by April 1 shall not be valid. In any case appeals will only be considered for the current year and will not be considered for prior years.

Bond Issuance

The District will not issue bonds.

SECTION H: ASSESSMENT ROLL

The total assessment amount for FY 2017/2018 is \$6,693,652.02 apportioned to each individual assessed parcel, as follows.

[PROPOSED] JUDGMENT PURSUANT TO
C.C.P. SECTION 664.6

Date: January 31, 2018
Time: 9:30 a.m.
Place: Dept. 86

Complaint Filed: July 18, 2012

Petitioner/Plaintiff Hill RHF Housing Partners L.P.'s and Petitioner/Plaintiff Hill Olive Housing Partners, L.P.'s Motion to Enforce the Settlement Agreement and Release in Full against Defendant the City of Los Angeles, and to grant attorney's fees and costs of \$7,150.00, for being required to enforce the agreement under Code of Civil Procedure § 664.6, came on for hearing in Department 86 of this Court on January 31, 2018.

Having read the moving and opposing papers and declarations filed by the parties, and having heard argument of counsel, and satisfactory evidence having been presented, Petitioners'/Plaintiffs' Motion to Enforce the Settlement Agreement was granted.

1 Pursuant to Petitioners'/Plaintiffs' Motion to Enforce the Settlement Agreement, the
2 Court **NOW ENTERS JUDGMENT AS FOLLOWS:**

3 1. For so long as the Petitioners/Plaintiffs remain the owners of Angelus Plaza,
4 located at 255 S. Hill Street, and Angelus Plaza North, located at 200 S. Olive Street, and the
5 Downtown Center Business Improvement District ("DCBID") continues in its current
6 formulation (including any renewal periods), the City of Los Angeles ("the City") shall remit to
7 Petitioners/Plaintiffs an amount sufficient to satisfy the amounts paid by Petitioners/Plaintiffs to
8 DCBID as part of assessments, pursuant to the procedure set forth in the Settlement Agreement.

9 2. This includes DCBID's current term which began on January 1, 2018.

10 3. Petitioners/Plaintiffs are further entitled to recover their attorney's fees and costs
11 for the Motion to Enforce the Settlement Agreement in the amount of \$7,150.00, pursuant to
12 Section 1h of the Settlement Agreement. The City is hereby ordered to pay the amount of
13 \$7,150.00 for attorney's fees and costs to counsel for Petitioners/Plaintiffs within fifteen (15)
14 days of this Judgment.
